Since 1986 Caribbean Label Crafts has been dedicated to Quality, Excellence and Craftsmanship in label design and production while establishing long term relationships with customers in the Caribbean and Latin America.

Caribbean Label Crafts provides its customers with top of the line packaging solutions as well as assisting each customer to build strong and well recognized brands.

Our design studio and printing plant located on the beautiful island of Barbados, along with our Marketing, Sales and Customer Support teams in Jamaica, the French West Indies, Puerto Rico, Central America, Mexico and Venezuela are proud to serve the requirements of clients in thirty-two countries in the Caribbean and the Americas.

Caribbean Label Crafts specializes in quality multi-colour, multi-process labels and tags with tight tolerances, a high level of consistency and the ability to conform to a wide range of application and environmental challenges. **We produce:**

Wet glue applied labels – gloss papers, wet strength materials, metallized papers.

Pressure sensitive (self-adhesive) labels – gloss papers, metallized papers, clear film, wide range of specialty substrates and adhesives.

Thermal labels – for variable data applications.

Clear “no label look” labels – highlights product clarity.

Dual printed labels – combines a clear front label with a two-side printed back label, allows consumer to see through the front label to the graphics on the reverse of the back label.

Anti-counterfeiting labels – a range of covert and overt specialties to prevent counterfeiting of labels and improve brand recognition.

Hang tags – flat, folded or booklet style tags hang on the neck of your bottle with product or promotional information.

Neck collars – unique collars designed to fit over the bottle neck and create attention with eye-catching graphics.

Promotional materials – scratch & win game cards or labels, redeemable coupon labels.
