

We have created exercise devices, spaces & programs for people with mobility limitations and their caregivers to improve health and wellness

Our Opportunity

Problem worth solving

There is a massive void in worldwide physical therapy and remedial physical rehabilitation services for the elderly, the mobility limited and their caregivers.

Our solution

Mass market our ReAbility brand to optimize physical recovery for people with moderate to severe mobility limitations and their caregivers to improve their health, wellness and independence.

Competitors	How our solution is better
Traditional PT jobs	Flexible hours, longer time with patient
Traditional OT Jobs	Flexible Hours, longer access to patient
Other home equipment	Patented Technology targeting recovery
Other PT equipment	Pro Model provides 20X more income/sf
Other Xercise device	Pro model provides 20X more income/sf

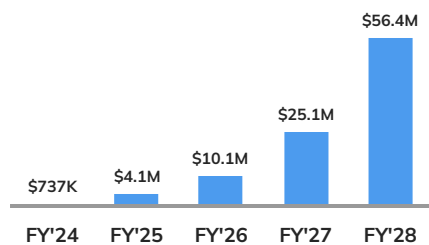

Funding needed

\$250K

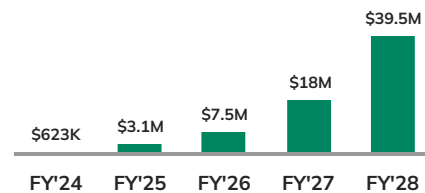

Used, in part, for past and future tradeshow expenses, raw materials for 5 units, Make 5 units, Brand recognition Marketing, delivery/installation/training, pay all TM,NPPA, PCT, cash reserve.
