

ReAbility, LLC

We make investing in the Physical Therapy Industry simple and lucrative but maybe as important, an opportunity for full-time satisfaction.

Our Opportunity

Problem worth solving

This exercise device will fill the huge void in worldwide remedial physical rehabilitation services that are currently inadequate due to either no post acute services or insurance-payer placed time limits for physical therapy.

Market size: \$30.6B

Target market

- Licensed PT's/OT's 93% (\$21B)
- Health Clubs/Studios 7% (\$9.6B)

Our solution

To market our exercise device to every Physical Therapist, Health Club owner and Entrepreneur in the world to remove the element of time & space limits, and instead focus on restored function in people with moderate to severe physical disability.

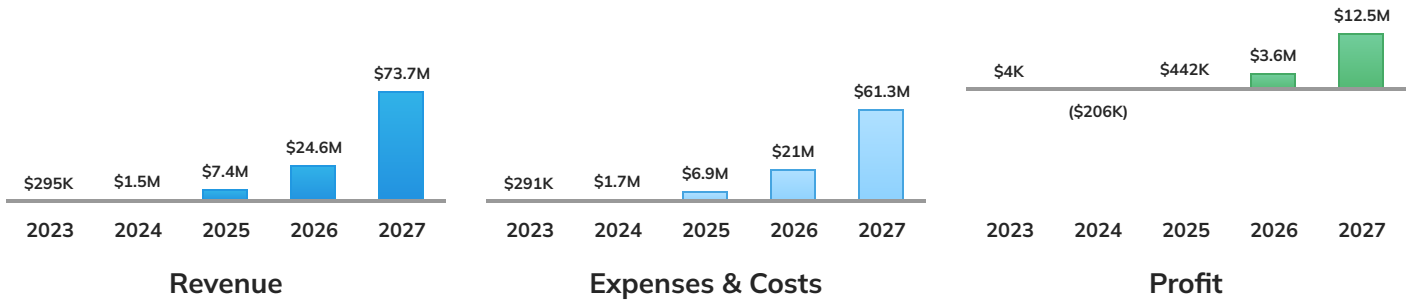

Competitors	How our solution is better
<i>Hospital PT job</i>	Flexible hours
<i>In Home PT/OT job</i>	Provides PT longer access to patient
<i>Out-patient PT job</i>	Flexible hours
<i>Other PT equipment</i>	RWC provides 20X more income/sf
<i>exercise devices</i>	RWC provides 20X more income/sf

Funding needed

\$ 5M

Attend tradeshows, hire a seasoned COO, buy raw materials, scale labor, produce a high level marketing, advertising & training program.

Financial Projections
