Apple News

In addition to **breaking ground on a new \$1 billion campus in Austin, Texas**, Apple today **announced** that its **new Mac Pro** is now in production at a nearby facility in the city. The computer is set to launch in December.

Apple is overhauling the way it develops and tests iOS, macOS, watchOS, and tvOS in hopes that the new approach will improve the quality of each software platform over the long term.

Classes

**We will be having a class in December
on working with Photography on a iPhone
Date December 11th 1:30-3pm**

**Seats are limited so when email
comes out please sign up asap**

Classes

Apple User Group

What: iPhone Essentials Workshop with Harry Hintz

When: Friday, December 6 from 9 to 11 AM

Where: Apple Lab in MultiPurpose Bldg.,
1203 Pebble Beach Blvd N

Reply to this email to register for the class.

Enrollment is for SCCAUG members only and on a first-come, first-served basis. There is no fee. If interest exceeds the capacity of our lab, an additional session will be scheduled.

This session will focus on using the Phone, Contacts, Messages, Mail and FaceTime apps on your iPhone. Other topics will be included time permitting.

iOS 13 features that affect these apps will be introduced. The class will apply to all iPhones that have been updated to iOS 13.

Apple Tips

I had an interesting problem today. Richard Tremble came in with an iPad and iPhone where his gmail inbox was empty but there were emails in his all mail. He was not receiving new emails in this account. We finally discovered his account had reached the gmail storage limits of 15 GB. We tried to delete old messages to bring down the storage. That didn't seem to be working and he was happy to pay for additional storage from Google to resolve the problem. That worked and solved the issue.

Coincidentally I got the attached eMailDodo rejection message indicating his email was over quota.

Another lady came in with an iPhone that seem to have the same problem. I also got an emaildodo rejection from another member with the same over quota message.

Access the Hidden Calculator App on Your iPad With This Trick

Nice trick that might be worth sharing at a club meeting. Easy to enter the data using voice recognition.

Find Photo's not in any album

Fortunately, you can create a smart album to handle this: Choose File > New Smart Album.

Select from criteria *Album, Is Not, Any.*

Name and click *OK.*

Now you have an album that will only show what you want. As you add media to albums, the smart album updates results.

Youtube is a great place to learn anything you want to learn
Apple products have many channels to learn from

Below I picked one Apple support

Once you get to a channel click on videos, this will show all videos
channel has produced. Then on right side you will see a search icon
next to it type in what you are interested in.

Now you will see all videos that are about topic you are interested in.

The screenshot shows the YouTube channel page for Apple Support, which has 314K subscribers. The navigation menu includes HOME, VIDEOS, PLAYLISTS, COMMUNITY, CHANNELS, and ABOUT. A search bar on the right contains the text 'ipad', with a red arrow pointing to the search icon. Below the navigation, a video titled 'How to take full-page screenshots on your iPhone, iPad, or iPod touch – Apple Support' is displayed. The video has 6.5K views and was posted 19 hours ago. The video thumbnail shows an iPad displaying a webpage with a 'New' badge and a duration of 0:57. The video description states: 'With iOS 13 and iPadOS, you can screenshot an entire article, webpage, email, note, or document, even if it doesn't all fit on your device's screen. Here's how to take a full-page screenshot, mark ...' and includes a Creative Commons (CC) license icon.

Apple support on YouTube has some great playlist for
Apple products

Go to YouTube do a search for apple support, click on
the apple support icon, then click on playlist. All the
playlist have a spot to view all playlist

Our web page sccaug.org is a great place to find information on apple products.

On the main page at the top is a black bar with different headings.

The one named [All Things Apple](#) has a down arrow on the right side.

If you click on it more choices are shown.

One of the options is called [links](#). This is where we are putting links to web pages that will help you find and answer many of your questions regarding apple products

Some of the links are

Apple support, Apple training with David Cox, ZolloTech, Apple Youtube channel, MacMostVideos

These are all good places to help you find answers on apple products
