Community Impact Partners(CIP) is a 501c3 that has been endowed by our local donors and supporters with the means to bring this memorable performance to senior living communities all over Michigan.

CIP sponsors contribute to a fund that pays 90% of performance fees so that this show is available to facilities.

Retirement Communities, Independent Living Facilities, Assisted Living, Residential Care Homes, Skilled Nursing Facilities, Respite and Memory Care Centers can qualify for the CIP program to bring 'Remembering Patsy Cline' to your location.

Patsy Cline was one of the most influential voices of the 20th century. She was one of the first female performers to crossover from country music to pop music. She was also the first solo female artist to be inducted into the Country Music Hall of Fame, though it was posthumously, in 1973.

Judy Harrison plays the role of Patsy Cline:

'I am honored to share the iconic music of Patsy Cline. Our audiences are often moved to tears as we get swept up in the moment and the memory.'
