WELCOME BACK

Welcome back to the Phi Kappa Psi Penn Beta Newsletter! We're excited to be doing this again so we can share all of our accomplishments this past semester.

This was one of our best semesters for philanthropy yet! Including raising close to \$1200 for Hunter's Pledge, as well as nearly 150+ service hours combined.

We welcomed six new men into our brotherhood this spring, and are excited to see what they can do for our chapter.

Our new executive team is going full-steam ahead with new recruitment techniques, strengthening alumni relations, and overall improving brotherhood experience.

We said farewell to six amazing Brothers this spring at graduation. See our graduating seniors on page 5.

Finally, see what upcoming alumni events are happening, we'd love to see you there!

PHILANTHROPY

SERVICE

Our chapter served over 150+ cumulative hours of service this semester. We participated in every Service Saturday offered at Allegheny, as well as other opportunities such as the Walk for Domestic Violence Awareness

FUNDRAISERS

We also raised money for organizations like the Susan G. Comen Foundation for Breast Cancer, and our semesterly fundraiser for Hunter's Pledge where we raised almost \$1200. You can read more about Hunters Fund below.

HUNTER'S PLEDGE

The Hunter Brooks Watson Memorial Fund, also known as Hunter's Fund, was founded in honor of Hunter, a Brother of Phi Kappa Psi whose life was tragically cut short in a car accident.

Hunter's Fund works to raise awareness about distracted driving and promote the safety of young drivers on the road.

INITIATION

Brothers Griffin Cates, Ryan Sheehan, Alex Matlak, Nate Medrano, Max Garvin, and Davis Jajkowski

Welcome Spring Class of 2023!

The Penn Beta chapter has welcomed six new men into the Phi Kappa Psi Brotherhood this spring. We have high standards when it comes to who we let into this Fraternity, and these young men have exceeded our expectations. Each new Brother offers something unique to the chapter, and we are excited to see what each one will do for the growth and development of Penn Beta.
