SKIN TIME

Beauty starts with gorgeous skin. The best canvas for makeup is smooth skin, even in tone, sans blemishes, redness, or irritation. And it's possible! I created this skin collection to achieve it.

With environmental pollutants, UV and blue ray light, stress, fast-paced lifestyles, even long wear makeup, it's more important than ever to super cleanse, hydrate, and protect your skin.

Our collection is crafted by top professional esthetician labs who stay on the edge of innovative ingredient technology that gives dramatic, often instant results.

SENNA skin care works beautifully with our color cosmetics to keep makeup from fading, changing color, and disappearing throughout the day. And when your skin is gorgeous, your makeup looks incredible!

Take some skin time and enjoy!

XO,

Luzen

**SOOTHE AS YOU REMOVE MAKEUP.**

## **OIL FREE MAKEUP REMOVER**

**CHAMOMILE + ALOE**

What we love about this makeup remover is that it's so calming and there's not a trace of oil to leave any pore clogging residue or mess up makeup we might want to apply right after removing those little mistakes. Chamomile, Aloe Vera, and the moisturizing mega-star, Hyaluronic Acid, soothe and lock in beautiful, protective hydration.

- # Great as a daily pre-cleansing solution
- # Soothing for even dry and sensitive skin types

TAKE IT OFF TENDERLY WITH A CALMING PURIFIER.

## CREAM CLEANSER

### CHAMOMILE + ALOE

If cream is your kind of clean, you'll love our lavishly vitamin infused cleanser that works with or without water. Chamomile, Aloe Vera, and Azulene calm and hydrate dry, chapped, or naturally sensitive skin. Lighter than a cold cream, it removes impurities and softens and conditions lips and lashes too.

- # Removes waterproof mascara and long-wear makeup
- # Soothes redness and inflamed skin areas

**SKIN HACK: Mindful massage.** To relax stressed facial muscles, massage Cream Cleanser in slow circular motions over skin. Wipe off with a warm wet towel to finish.

**GET SKIN ROUSED, FRESH, AND SUPER CLEAN.**

## **EXFOLIATING CLEANSER**

**AHA/BHA + JOJOBA**

Jojoba Beads burst with balancing moisture while the “Big 3” fruit acids- Glycolic, Salicylic, and Lactic- lift oils, bacteria, and dead skin that makes you look plain dull, aged, or blemished. Delicious cleanser smells like grapefruit, lathers high, and makes your skin feel 300% pure.

- # Brightens skin tone and fades discolorations
- # Resurfaces skin and smooths lines and wrinkles

**HAVE YOUR SUDS WITHOUT THE SULFATES.**

## **FOAMING CLEANSER**

### **BLUE LOTUS + SHEA BUTTER**

Zero stripping but pleasantly sudsing sulfate-free gel purifies while preserving skin's moisture balance. Hydrating Shea Butter is good for whatever is ailing your skin, from breakouts to itchiness and wrinkles. Blue Lotus moisturizes and gives fresh radiance.

- # Helps detoxify from environmental pollutants
- # Super nourishes with vitamins and natural fatty acids

**WOW. SUPER POWER PORE-MINIMIZING  
AND BLEMISH FIGHTING.**

## **CLARIFYING TONER**

**SALICYLIC + TOTAROL**

Blemishes and super-sized pores, goodbye. Deep pore vacuuming and dead skin sweeping botanicals, Salicylic Acid and Totarol, go after bacteria and toxins that create havoc. Then Niacinamide makes your skin do some deep breathing and calm down. What you see is cleaner, clearer looking skin with the glow you want.

- # Minimizes the look of enlarged pores
- # Super purifying and anti-bacterial to protect skin

**YOUR SKIN DESERVES THE ROYAL TREATMENT.**

## **SOOTHING TONER**

**FENNEL + ROYAL JELLY**

This is the toner for instant relief when skin feels tight, feisty, or has temper tantrums from brow tweezing, chemical treatments, or bad environmental gunk. Royal Jelly, the queen of hydrators, plumps skin tone and makes it look supple and smooth (where was that wrinkle?). Fennel takes on dark under eye circles and puffiness.

- # Instant soothing and calming for irritation and redness
- # Potent antioxidants to help prevent age signs

**SKIN HACK:** Deflate puffiness. Saturate cotton eye pads with Soothing Toner and place under eyes. Relax for 10 minutes. Voilà. Supersize that by applying Hydrating Mask under eyes first.

**REHABILITATE, BRIGHTEN,  
REDUCE REDNESS, AND FIRM. YES.**

## **SEA ALGAE CREAM**

### **COQ10 + ROSE HIPS**

Red Marine Algae is the key secret to why your skin looks so amazing after just one app. That dull, drooping, lined, puffy, pink toned skin self-reforms and takes on the look of plumper, firmer, smoother, and evenly toned skin. Credit Vitamin E, antioxidant Rose Hips, CoQ10, and aromatic Bergamot for the “sense-A-tional” success.

- # Restores and moisturizes dry, dehydrated, aged skin
- # Protects from irritants and environmental stressors

## SMALL BUT MIGHTY TOTAL EYE REVIVAL.

### SCULPTING EYE CREAM

#### APPLE STEM CELL + GRAPESSEED

This lightweight eye cream with an effective delivery system is an anti-aging powerhouse that lifts and awakens eyes. Apple stem cells revive collagen structure for plumped smoothness. Peptides stimulate regeneration to give eyes a brighter, fatigue-free look.

- # Grapeseed and Olive Oils hydrate and protect
- # Helps to reduce eye wrinkles, darkness, expression lines, and puffiness

REVEAL THE FRESH SKIN BELOW  
THAT WILL MAKE YOU GLOW.

## BRIGHTENING POLISH

### SALICYLIC + MINERALS

Tired, dull old skin. Get rid of that. Fine earthy minerals remove debris and dry, flaking surface skin. Salicylic Acid releases embedded impurities, frees clogged pores, tightens large ones, and refines texture so skin feels baby smooth. No irritation, no abrasion, just fresh fabulous radiance.

- # Helps to smooth fine lines and wrinkles
- # Niacinamide boosts skin circulation and cellular regeneration

**SKIN HACK: Spring clean. Unclog pores to the core, brighten, and tighten. Apply Purifying Mask and let it set. Then dampen your face and massage Brightening Polish over it. Rinse well.**

**SMOOTH ON, RELAX, AND EMERGE  
SUPER HYDRATED AND RADIANT.**

## **HYDRATING MASK**

### **ALOE + AZULENE**

Just as the aroma of Lavender essential oil calms your senses, the cooling gel mask texture makes your skin go “aaahh.” Aloe Vera Gel is the brilliant hydrator that takes the sting out of dry, dehydrated, red, irritated skin. This is a must after peels, laser, wind exposure, stress, and just for the cool of it all.

- # Makes skin incredibly soft and smooth
- # Azulene quiets sensitivities and restores glow

**SKIN HACK: Mask all night. Super moisturize and calm skin with a rich layer of Hydrating Mask. Let it penetrate a bit, then get your zzz's inhaling the lovely lavender aroma. You'll glow in the morning!**

# DELICIOUS ENOUGH TO EAT PORE VACUUMING GLOW RECIPE.

## PURIFYING MASK CRANBERRY + CLAY

This good enough to eat (smell only, please) clay mineral mask matches the powerful pore purifying and tightening action of Cranberry Fruit with the calming and moisturizing benefits of Passionflower. Gone is the oily shine, clogged pores, and dull, tired, patchy skin tone. Hello clarity, radiance, and super soft texture.

- # Moisturizes and quiets skin as it clarifies
- # Willow Bark purifies like Salicylic Acid with no irritation

**SKIN HACK: Retire those blemishes. Dab a concentrated dot of Purifying Mask onto blemishes after cleansing and toning just before bed. It will help dry them up as you sleep.**
