

TERMS OF SERVICE

Lucky Cat Sharpening, LLC

****While I'm very good at this I am not a miracle worker!**** *Items made with lower quality material or manufacturing defects (especially bad heat treatment) are difficult to sharpen.*

We DO NOT sharpen – Swords, fantasy/decorative items, auto/switchblades, butterfly knives, bayonets, double edged knives, ninja stars or any items that would (most likely) be defined by 'the man' as a 'weapon'.

By submitting your goods to be sharpened, repaired, refinished, or any other related service, you allow Lucky Cat Sharpening, LLC (hereby called, "Lucky Cat") to perform such work on your goods. You understand that such services will alter the condition of your goods which could include, but not limited to: aesthetic and cosmetic changes such as scratches to metal, wood, plastic or other materials; changes in overall geometry or shape, thickness, weight, length or other dimensional aspects. **Beauty/Barber customers:** scissors with iridescent, black, gold, and other blade coating will be scratched and potentially removed during proper sharpening.

The "sharpening service" entails only the sharpening of the very edge of your bladed goods. Any damage to the edge, such as chips, that would be required to be repaired for proper edge sharpening, or bolsters in the way of the edge that need to be ground away, will incur additional costs unless otherwise noted. Lucky Cat will contact you prior to any additional charges for approval.

By leaving Lucky Cat with your serviced goods, you are accepting and approving the condition and results of the servicing.

Lucky Cat makes no guarantees on duration of edge retention, sharpness, levels of polish, and any other physical properties.

You must declare prior to service if any of the tools you are submitting for service are structurally damaged to prevent injury to the service provider, or which may negatively affect the service process (eg. loose handles, cracked blades, etc.). Lucky Cat is not responsible for any further potential damage to your tools that may arise from the service process if they were initially submitted in damaged condition. By submitting your goods for service, you declare that you have inspected your tools for such potential structural or other unsafe conditions. Lucky Cat will notify you of any issues that arise during services that may negatively affect the performance of your goods so that reasonable options can be considered for both parties.

Lucky Cat cannot and will not be held accountable for misuse, poor maintenance, or any other irresponsible issues that may arise from your use that negatively affects the integrity and performance of your goods, or injury to you. Tools are serviced on a first-come first-serve basis. Lucky Cat reserves the right to refuse any service to any good for any reason. Lucky Cat is not responsible for items left unclaimed after 90 days.

By providing your contact information required for service, you allow Lucky Cat to contact you regarding our services, your goods, and payment.

Upon receiving and inspecting your goods, you agree to pay the invoiced amount via the listed payment options.
