

PCP Network – Provider & Health System Value Summary

Precision's Stealth Workflow Intelligence transforms directionless activity into targeted, revenue-driving action, much like entering a destination into Google Maps.

Mission & Value

A performance-driven healthcare network delivering automated compliance, revenue recovery, and stronger patient engagement—all at zero cost to providers.

Key Provider Benefits

Zero Acquisition Cost	
Automated Preventive Care	
Revenue Recovery (\$250k–\$350k+)	
Improved Patient Engagement	

Revenue Recovery Opportunities

- Preventive Encounters
- Follow-Ups
- Medication Management
- Care Coordination

Automated workflows convert routine communication into compliant billable encounters—boosting revenue while reducing staff workload.

Consumer Solutions

A Shared Subscription Model lowering patient out-of-pocket costs, strengthening long-term practice loyalty, and expanding preventive engagement for uninsured and underinsured families.

What PCP Network Is NOT

- Not a paid listing marketplace
- No referral fees or marketing expenses
- No added administrative burden
- Eliminates scheduling inefficiencies and high no-show rates
