Introduction

At Centon, we are passionate about our customers, our services and our products.

We are proud to be the leading professional plumbing sales and customer service agency in Ontario. Our team members have a wealth of industry expertise – many of them have been with us for a decade or two – and they are eager to work with you. This means you can trust our capacity, experience, expertise, and integrity to offer a curated collection of products that meet all your needs.

Apart from providing our customers with outstanding product solutions, we also pride ourselves on delivering exceptional customer service. Our service extends well beyond the regular 9 to 5 workday. Our team is passionate about supporting you, when and where you need us – 24 hours a day.

With a 30+ year track record in the plumbing supply industry, we are privileged to be the sales force for some of the highest rated plumbing products – from top quality commercial faucets, and the best kitchen sinks, to the most luxurious of tubs – we offer it all.

Our Customers

Our focus is always on our customer. You are ever top of mind. When you have a question or problem, we are here to help.

Our team members live in and are part of the communities they support, which means all of our reps have a deep understanding of the particular market they serve. We build strong relationships with our customers, so we're not just your trusted supplier, we are your friend. We enjoy dinners, family gatherings, sports events and community celebrations with many of our customers, because our customers matter... it's just how we roll.

Our Manufacturers

Not only are we proud of our skilled, knowledgeable and dedicated Centon team, we are also immensely proud of the superior manufactures we have chosen to represent. The products these companies offer the plumbing market, and their customer service are second to none.

Passion.
Integrity.
Collaboration.
Service.

Our Publication

We know we won't always be with you when you are looking for an innovative, exciting or just necessary product solution, so as solution experts we have come up with a resource to support you at any time.

We have curated, on the following pages, a unique collection of product solutions designed to inspire and capture your imagination. As a privileged customer, we are pleased to offer you this innovative publication for your review and use.

This exclusive publication incorporates our years of expertise in compiling and packaging offerings based on the needs of our customers. It is an extension of our team – so you are able to access our expertise even when we're not with you.

We invite you to experience and enjoy this beautiful publication, and when you become inspired by a product ... give us a call, we will help you to bring your inspiration to life.

Sincerely,
The Centon Team

Our Valued Partners & Manufacturers

This inspiration guide would not be possible without the generous support of our manufacturing partners.

Delta Kitchen

Delta products are designed with the human experience in mind to transform the way people experience water every day. That means creating everything from kitchen faucets to soap dispensers that are not only beautifully designed, but also engineered with the latest innovations to make kitchen tasks easier.

Broderick®

The powerful features of the Broderick Collection take center stage in the kitchen, with an industrial style that alludes to a rich heritage. The collection includes distinctive bridge faucet and pull-down spring spout faucet options that add a unique element to any kitchen.

Brizo Kitchen

The Brizo® brand is a line of luxury fittings that don't just complete rooms. They inspire spaces. Spaces that reflect your personality, your perspective, your style.

Artesso

The artisan tradition has never been more alluring. Tracing its visual inspiration to factories of the early 20th century, the Artesso Kitchen Collection by Brizo® is a warmer, more refined take on the industrial aesthetic.

Hansgrohe Kitchen

Innovative products with a purist design: For the most beautiful moments with water.

A kitchen's heart beats wherever freshwater flows. That is why Hansgrohe is always coming up with new ideas that make water enjoyable to work with. Sophisticated technology and ergonomic perfection are properties that make the kitchen more efficient and fun. Choose from high quality kitchen faucets, and watch the state-of-the-art faucet become the center of your kitchen. Selected materials and solid workmanship will keep you happy for years to come.

Focus

Clear, modern style within reach. Fresh, authentic modern design featuring a slender pull-out sprayhead is available to everyone, with the superior quality you expect from the Hansgrohe company.

Kindred Sinks

Sinks Made For Real Life. Kindred sinks are built for hard work and made to last. Our collections introduce a broad range of models and sizes to suit your home, with thoughtful designs providing ultimate form and function. From preparing your family's favorite recipe to tackling everyday chores, our sinks are designed to help make your kitchen tasks easy. Made from high quality stainless steel or granite with undermount or classic drop-in installation options, a Kindred sink is sure to bring more joy to the heart of your home.

Brookmore Collection

Crafted from premium 18-gauge stainless steel enriched with a high chromium content, Brookmore sinks are designed to resist corrosion and inhibit bacterial growth. With a streamlined look and sleek satin finish, these sinks add a touch of elegance to your space.

Galeon™

The Galeon™ Bath Collection sails away from the expected with new innovations, knurled accents, and a chiseled arc design. With a design inspired by the shape of sailboats, the name “Galeon” derives from 15th century Spanish sailing ships.

Brizo Bath

The Brizo experience doesn't begin and end with a product, collection or space. It lives in the stories we tell, the collaborations we foster, and the values we display in everything we do. This is the way we see the world. This is the world of Brizo.

Allaria

Line and curve. Plane and arc. The Allaria™ Bath Collection begins with simple forms. Alone, each is unassuming. But combine the elements, and a transformation occurs, creating an alluring force.

Hansgrohe Bath

At Hansgrohe, our focus is on the desires and ideas of our users. We think and act from their perspective. Our role in the lives of people: You spend time in the bathroom which is particularly important to you – and where you experience meaningful moments with water. For these moments, Hansgrohe is constantly developing new products. This is how we turn water into a fantastic experience.

Finoris

The Finoris collection by Hansgrohe is functional with design appeal. The pull-out sprayhead is subtly integrated into the faucet for a minimalist aesthetic.

Mirolin

The background image is a full-page photograph of a bathroom. It features a teal-colored wall with a dark, repeating scalloped pattern. A white vanity with a rectangular sink is positioned against the wall. Above the sink is a large, ornate mirror with a gold-colored frame. To the right of the mirror, two glass pendant lights hang from the ceiling. In the foreground, a white freestanding bathtub is partially visible. A small wooden stool with three legs holds a folded white towel and some bathroom products. The floor is covered in grey tiles with a subtle pattern.

The Mirolin Brand has a reputation for enduring quality, innovation and value through an extensive and complete product assortment. Our one piece and multi piece designs offer a bathing fixture solution to meet any home renovation or new construction application.

Commercial Offerings

Reimagine Commercial Plumbing Solutions.
Introducing the new Architectural™ Design Series from Delta Commercial — quality plumbing products that bring the unexpected to commercial spaces.

THREE SERIES: FLEXIBILITY

Luxurious high-end collections, designed without sacrificing commercial quality and innovation.

Delta Commercial's product portfolio features three unique series that are designed to offer flexibility when selecting products for your needs.

TECK

Robust / Durable

- When innovation and robustness is a priority.
- Heavy duty, reliable, high quality, premium product.
- Flagship product for heavy commercial applications, leading with innovation.
- Designed with engineers and maintenance teams in mind.

HDF

Economical / Dependable

- When budget and dependability matters
- Economical, simple, reliable, entry-level product with commercial warranty.
- Lower-cost alternative to TECK® and Architectural™ Design Series.
- Designed with developers and property maintenance in mind.

ADS

Stylish / Reliable

- When first impressions count.
- Design forward, reliable, high quality, premium product.
- Newest series for Delta Commercial, incorporating our most sought-after innovations.
- Designed with architects and designers in mind.

ARCHITECTURAL™ DESIGN SERIES: COLLECTIONS

Designed for high-use areas, with residential elegance in mind, these collections allow you to create a bathroom space as refined as the rest of the interior while seamlessly layering in advanced technology.

(CZ) Champagne Bronze®

DELTA® COMMERCIAL - H2OPTICS® SENSING TECHNOLOGY

ELECTRONIC LAVATORY FAUCETS

Also available as hardwire & plug-in power.

SINGLE-HOLE HIGH-RISE FAUCET WITH H2OPTICS® TECHNOLOGY

Single-hole high

Available outlet options ranging from 0.35 to 1.5 gpm (1.32 to 5.7 L/min)

Battery

Chrome finish

590TF1150

4" CENTRESET FAUCET WITH H2OPTICS® TECHNOLOGY

Available outlet options ranging from 0.35 to 1.5 gpm (1.32 to 5.7 L/min)

Battery

Chrome finish

591TF1250

SINGLE-HOLE FAUCET WITH H2OPTICS® TECHNOLOGY

0.5 gpm (1.9 L/min) laminar outlet

Battery

Chrome finish

590-TFLGHGMHDF

4" CENTRESET FAUCET WITH H2OPTICS® TECHNOLOGY

0.5 gpm (1.9 L/min) laminar outlet

Chrome finish

Battery

591-TFLGHGMHDF

591LF-LGHGMHDF

SURGEON SCRUB-UP FAUCET

1.5 gpm (5.7 L/min) laminar flow control in base of smooth end spout

Battery

1501TF3310

WALL-MOUNT FAUCET

1.5 gpm (5.7 L/min) laminar flow control in base of smooth end spout

Battery

1501TF4670

METAL CONTROL BOXES FOR RECESSED MOUNTING

Available for 590T, 590TP, 591T, 591TP, 620TP, 621TP

And 1500T models

ELAVT0001ARI – No Mixing Valve

ELAVT0008ARI – With Thermostatic Mixing Valve

3-POSITION SWITCH

Designed so healthcare facilities can continue to follow infectious control procedures.

SWITCH SETTINGS

ON – Solenoid goes into continuous run so water lines can be flushed with high temperature water.

(Do not exceed 71° C (160° F) during flushing of lines as higher temperatures may damage sensor components.)

AUTO – Faucet functions according to regular settings.

OFF – Solenoid is blocked from operating so cleaning staff can clean sink without faucet operating.

060651A

DELTA® COMMERCIAL – PROXIMITY® SENSING TECHNOLOGY

ELECTRONIC LAVATORY FAUCETS

Also available as hardwire & plug-in power.

SINGLE-HOLE GOOSENECK FAUCET WITH PROXIMITY® SENSING TECHNOLOGY

Available outlet options ranging from 0.5 to 2.2 gpm (1.9 to 8.3 L/min)

Battery

Chrome, Brilliance® Stainless or Matte Black finish
621TPA3320

SINGLE-HOLE HIGH-RISE FAUCET WITH PROXIMITY® SENSING TECHNOLOGY

Available outlet options ranging from 0.35 to 1.5 gpm (1.32 to 5.7 L/min)

Battery

Chrome finish
590TPA1120

4" CENTRESET FAUCET WITH PROXIMITY® SENSING TECHNOLOGY

Available outlet options ranging from 0.35 to 1.5 gpm (1.32 to 5.7 L/min)

Battery

Chrome finish
591TPA1220

RETROFIT KIT FOR PROXIMITY® FAUCETS

Upgrade existing (2014 and earlier)

590TP, 591TP and 590-PLGHDF Series faucets

No faucet trim changes required

Retrofit kit includes controller, snap-on sensor clip and ground wire for hardwire installations
061271A

DELTA® COMMERCIAL – DEMD FAUCETS & SOAP DISPENSERS

LAVATORY FAUCETS & SOAP DISPENSERS

Also available in hardware. Other model variations also available.

SINGLE-HOLE SOLAR ELECTRONIC FAUCET

For cold or premixed water
Solar-powered, user-activated infrared sensor
DEMD-320LF

SINGLE-HOLE ELECTRONIC THERMOSTATIC FAUCET

0.66 gpm (2.5 L/min) 0.17 gal/cycle
(0.64 L/cycle)*
Based on 15 second max run time*
DEMD-611LF

SINGLE-HOLE FAUCET

For cold or premixed water
0.5 gpm (1.9 L/min) vandal-resistant wrench
flat spray outlet
Chrome
DEMD-101LF

SINGLE-HOLE FAUCET

With side mixer
0.5 gpm (1.9 L/min) vandal-resistant wrench
flat spray outlet
Chrome

For cold or premixed water
0.5 gpm (1.9 L/min) vandal-resistant wrench
flat spray outlet
Chrome
DEMD-301LF

SINGLE-HOLE WALL-MOUNT FAUCET

6.0" Spout – Hardwire
0.5 gpm (1.9 L/min) vandal-resistant flow
control spray outlet
Available in 6" or 8"
DEMD-404LF

SINGLE-HOLE ELECTRONIC SOAP DISPENSER

1,000 ml (33.8 oz) refillable soap bottle
(soap not included)
Battery powered, batteries included
DESD-751

OPTIONAL REMOTE CONTROL

The sensor and flow time settings for the faucets
on this page (excluding DEMD-320LF) can be
adjusted with this optional remote control.

Can also be used with DEMD-86505
(Electronic Washdown Urinal Flush Valve)
060967A (To be used for above faucets only)

DELTA® COMMERCIAL – MANUAL FAUCETS

LAVATORY FAUCETS

Handles also available with Copper Defense (TM) Technology

ADA handle options:

3" Hooded Lever
(available with "TI"
temperature indicator)

3" Hooded Blade
(available with "TI"
temperature indicator)

6" Wrist with
Sanitary Hood

4" Blade with Sanitary Hood
(available with "TI"
temperature indicator)

4" CENTRESET FAUCET

1.5 gpm (5.7 L/min) vandal-resistant wrench flat
flow control outlet
22C101 – Ceramic Disc

SINGLE-HOLE FAUCET

1.5 gpm (5.7 L/min) vandal-resistant flow
control aerator
22C831 – Ceramic Disc, with Metal Pop-Up

6"-12" WIDESPREAD FAUCET

1.0 gpm (3.8 L/min) laminar flow control in
base of the smooth end spout
23C674 – CER-TECK® Cartridge

4" CENTRESET FAUCET

1.5 gpm (5.7 L/min) standard flow control aerator
21C142 – CER-TECK Cartridge

4" CENTRESET FAUCET

1.5 gpm (5.7 L/min) standard flow control aerator
21C143 – CER-TECK Cartridge

4" CENTRESET FAUCET

1.5 gpm (5.7 L/min) vandal-resistant flow
control aerator
2171LF-WBHDF

SINK FAUCETS – SINGLE HANDLE

SINGLE-LEVER KITCHEN FAUCET

1.5 gpm (5.7 L/min) standard flow control aerator
101LF-HDF

SINGLE-LEVER KITCHEN FAUCET

1.5 gpm (5.7 L/min) standard flow control aerator
100LF-HDF

SINK FAUCETS - TWO-HANDLE

ADA handle options:

3" Hooded Lever
(available with "TI"
temperature indicator)

3" Hooded Blade
(available with "TI"
temperature indicator)

6" Wrist with
Sanitary Hood

4" Blade with Sanitary Hood
(available with "TI"
temperature indicator)

SINGLE SHANK MIXING FAUCET

1.5 gpm (5.7 L/min) standard flow control aerator
25C3847 – CER-TECK® Cartridge

8" DECK MOUNT FAUCET

1.5 gpm (5.7 L/min) standard flow control aerator
26C3942 – CER-TECK® Cartridge

8" DECK MOUNT FAUCET

1.0 gpm (3.8 L/min) laminar flow control in base
of smooth end spout
23C674 – CER-TECK® Cartridge

8" CENTRE WALL-MOUNT PRE-RINSE FAUCET

1.05 gpm @ 60 psi (4 L/min @ 414 kPa)
Spring loaded stainless steel hose
55C1513 – CER-TECK® Cartridge

SINK FAUCETS - WALL MOUNT

8" CENTRE WALL-MOUNT SERVICE SINK FAUCET

Body-mounted angle vacuum breaker with garden hose end
28C2383 – CER-TECK® Cartridge

8" CENTRE WALL-MOUNT SERVICE SINK FAUCET

ASSE-approved integral vacuum breaker with garden hose end
28T9

8" CENTRE WALL-MOUNT SERVICE SINK FAUCET

Inline vacuum breaker with garden hose end
28C9LH

8" CENTRE WALL-MOUNT SERVICE SINK FAUCET

Spout end vacuum breaker with garden hose end
Includes 48" hose and stainless steel hanger

87T104

DELTA® COMMERCIAL - FLUSH VALVES

ELECTRONIC + OPTIONS

- Finish Options Matte Black with Chrome finish now available on select models
- Trim and Rough: The rough-ins and trims for our concealed electronic flush valves can be ordered and installed separately
- Some models are available as a hardwire option

EXPOSED SOLAR ELECTRONIC FLUSH VALVE FOR 1 1/2" TOP INLET WATER CLOSET

Factory set at 1.6 gal. (6 Litre) flush –
field adjustable
81T201SP-MM0 – Solar

EXPOSED SOLAR ELECTRONIC FLUSH VALVE FOR 3/4" TOP INLET URINAL

Factory set at 0.5 gal. (1.9 Litre) flush –
field adjustable
81T231SP-MM0 – Solar

EXPOSED FLUSH VALVE WITH INTEGRAL SENSOR FOR 1 1/2" TOP INLET WATER CLOSET

Factory set at 1.6 gal. (6 Litre) flush –
field adjustable
Chrome or Matte Black with Chrome finish
81T201BTA – Battery

EXPOSED FLUSH VALVE WITH INTEGRAL SENSOR FOR 3/4" TOP INLET URINAL

Factory set at 0.5 gal. (1.9 Litre) flush –
field adjustable
Chrome or Matte Black with Chrome finish
81T231BTA – Battery

CONCEALED FLUSH VALVE FOR 1 1/2" BACK INLET WALL HUNG-WATER CLOSET

Factory set at 1.6 gal. (6 Litre) flush –
field adjustable
1600T6103ATR and 1600T6103ARI – Hardwire

CONCEALED SOLENOID FLUSHING SYSTEM FOR BACK INLET WASHDOWN URINAL

Factory set at 0.5 gal. (1.9 Litre) flush –
field adjustable
1600T9001TR and 1600T9001RI – Hardwire

DELTA® COMMERCIAL - FLUSH VALVES

RETROFIT KIT TO UPGRADE EXPOSED DELTA® 1 1/2" TOP SPUD WATER CLOSET MANUAL FLUSH VALVES TO ELECTRONIC OPERATION

Factory set at 1.6 gal. (6 Litre) flush – field adjustable
81T201BTA-20 – Battery

RETROFIT KIT TO UPGRADE EXPOSED DELTA MANUAL FLUSH VALVES TO ELECTRONIC OPERATION

81TWCBTBKA – Battery
81TURBTBKA – Battery
81TWCBTBKA: Factory set at 1.6 gal. (6 Litre) flush – field adjustable
81TURBTBKA: Factory set at 0.5 gal. (1.9 Litre) flush – field adjustable

EXPOSED FLUSH VALVE WITH WALL-MOUNT SENSOR FOR 1 1/2" TOP INLET WATER CLOSET

81T201-WMSHWA – Hardwire
Factory set at 1.6 gal. (6 Litre) flush – field adjustable

EXPOSED ELECTRONIC WASHDOWN URINAL FLUSH VALVE

Remote control available, order 060967A
Factory set at 0.5 gal. (1.9 Litre) flush – field adjustable
DEMD-86505 – Battery

SIDE MOUNT RETROFIT KIT FOR DELTA EXPOSED MANUAL FLUSH VALVES

For use on 81T TECK® exposed manual flush valves and 86T metering washdown urinal flush valves
DEFM-100 – Battery

DELTA[®] COMMERCIAL – MANUAL FLUSHVALVES

FLUSH VALVE FOR 1 1/2" TOP INLET WATER CLOSET

Factory set at 1.6 gal. (6 Litre) flush
Also available in this series: 1.1 and 1.27 gpf
(4.2 and 4.8 Lpf) fixed models
81T201

FLUSH VALVE FOR 3/4" TOP INLET FLUSHING URINAL

Factory set at 0.5 gal. (1.9 Litre) flush at 60 psi
Also available in this series: WaterSense[®] listed
0.125 and 0.5 gpf (0.5 and 1.9 Lpf) fixed models
81T231

FLUSH VALVE FOR 3/4" TOP INLET WASHDOWN URINAL

Factory set at 0.5 gal. (1.9 Litre) flush –
field adjustable
86T505

CONCEALED FLUSH VALVE FOR WALL-HUNG 1 1/2" BACK INLET WATER CLOSET

Factory set at 1.6 gal. (6 Litre) flush –
field adjustable
83T141

CONCEALED FLUSH VALVE FOR WALL-HUNG 3/4" BACK INLET URINAL

Factory set at 0.5 gal. (1.9 Litre) flush – field ad-
justable

FRANKE COMMERCIAL - HEALTHCARE SINKS

FRANKE MEDI-FLO

Patient room sink with integrated spout for infection control

Flow rate is 5.7 Lpm/1.5 gpm.

Overall dimensions 21 x 23 x 23 1/2" (FB x LR x H)

Optional: Pre-set thermostatic mixing valve MEDI-MIX.

Optional: In-wall carrier IWC2104 for quicker installation.

HWSS2321W-00

Medi-flo splash reduction features

- Side splashes to prevent water from splashing out of the sink
- Laminar flow spout
- Infrared sensor turns water on when user places hands inside sink
- Center rib diverts water flow from faucet
- Integral waste, offset drain in rear left position

Laminar flow spout reduces splashing

Medi-flo delivers water in a laminar flow stream. Laminar flow occurs when water molecules move in an orderly, straight line for a turbulence-free stream.

Efficacy of electrochemical water disinfection

Pathogen	Efficacy	Contact time	Source
Candida auris	99.9%	10 minutes	Cleveland VA Medical Center
C. difficile spores	64%	20 seconds	EMSL Canada Inc.
Klebsiella pneumoniae	99.99%	30 seconds	EMSL Canada Inc.
Legionella pneumophila	99.99%	5 minutes	EMSL Canada Inc.
MRSA	99.9%	10 minutes	Cleveland VA Medical Center
Pseudomonas	99.9%	10 minutes	Cleveland VA Medical Center

Time kill studies performed by 3rd party laboratories show that electrochemical water disinfection can be effective at reducing certain waterborne pathogens.

2.0 Sensor activated bottle filler with electronic digital counter
Overall dimensions 6 x 16 1/4 x 19 5/16"
(FB x LR x H)
KEPWEBF

SURFACE MOUNT, SENSOR ACTIVATED BOTTLE FILLER

Tailpiece is sized to accept either 1 1/2" (38mm) or 1 1/4" (32 mm) P-trap.
P-Trap not included.
Sensor activated with bottle counter.
Overall dimensions 5 11/16 x 16 5/16 x 24 15/16"
(FB x LR x H)
KEPWSMEBF-STN

SURFACE MOUNT, NON-CHILLED, SENSOR ACTIVATED BOTTLE FILLER

Included tailpiece to accept either 1 1/2" (38 mm) or 1 1/4" (32 mm) P-trap not Included.
• Waterways are Lead-Free in materials & construction
• Heavy duty galvanized steel frame
• Contactless sports bottle filler
Overall dimensions 5 5/16 x 20 5/16 x 41 1/4"
(FB x LR x H)
KEMWSMEBF-STN

UNIVERSAL COMBINATION, SENSOR ACTIVATED BOTTLE FILLER

Chilled:

Standard Features:

- Waterways are Lead-Free in materials & construction
 - Flexible one-piece water saver bubbler guard
 - Contactless sports bottle filler
- Overall dimensions 17 5/8 x 18 1/2 x 37 7/8"
(FB x LR x H)
KEP8AC-EBF-GRY

Non-Chilled:

Greystone finish cabinet
KEPAC-EBF-GRY

UNIVERSAL CHILLED CONTACTLESS DRINKING FOUNTAIN

Complies with ANSI 117.1 and ADA.
Standard Features

- Waterways are Lead-Free in materials & construction
 - Contactless infrared sensor activation
- Overall dimensions 18 5/8 x 18 1/2 x 21 3/16"
(FB x LR x H)
KEP8ACT-GRY

UNIVERSAL RETROFIT KIT

Convert push pad to sensor activated, single fountain Features:

- Easily converts manual units to contactless in just minutes
 - Eliminates high-use contact points that can harbour dangerous pathogens.
 - All necessary components are included in one kit; no wiring required.
- KE041208-101

UNIVERSAL, VANDAL-RESISTANT DRINKING FOUNTAIN, CHILLED

- 8 gph chiller, vandal resistant push button
 - No external stream height adjustment
 - Stainless steel cabinet.
- Overall dimensions 18 5/8 x 17 5/8 x 21 3/16"
(FB x LR x H)
KEPV8AC-STN
KEPVAC-STN – Non-Chilled

UNIVERSAL, SPLIT-LEVEL DRINKING FOUNTAIN, NON-CHILLED

Standard Features

- Waterways are Lead-Free in materials & construction
- Stainless steel top and heavy-duty galvanized steel frame in greystone finish
- External stream height adjustment on each fountain

Overall dimensions 18 5/8 x 36 1/8 x 27 3/16"
(FB x LR x H)
KEPACSL-GRY

UNDER-CABINET REMOTE CHILLER

- 4' insulated power cord with NEMA 5-15 plug.
 - 1/4" OD stainless steel cabinet water sub connection
 - Chills 0.8 gallons per hour. HFC refrigerant R-134a
 - Dial on front of unit allows control of water temperature
- Overall dimensions 8 13/16 x 10 1/2 x 14 11/16"
(FB x LR x H)
KER1P

HIGH SECURITY PRODUCTS BY I-CON

Franke is the exclusive Canadian distributor for I-CON systems.

- Correctional facilities across Canada trust I-CON systems to deliver reliable, tailor-made solutions.
- Custom solutions for retrofit and new construction.
- Simple yet robust valves, sensors, solenoids mean fewer parts to keep on hand.
- Up to 70% water savings with an I-CON system installation.
- Start with one cell, or one block. We work with your facility's existing systems to provide the equipment you need to start saving on water, maintenance, and parts.

LAVATORY-TOILET COMBINATION FIXTURE

- Lavatory-toilet combination fixture
- Combination lavatory sink with various sizes of toilets
- Anti-ligature model available
- Toilet features blowout flushing action
- Wheelchair accessible model has integrated grab bars and withstands up to 5,000 lbs loading

LAVATORIES

- Stainless steel oval or rectangular shaped basins with backsplash
- Customize the controls to the needs of your facility

STAINLESS STEEL TOILETS

- Floor mount or wall mount models with either siphon jet or blowout operation
- Self-draining flushing rim
- Fully enclosed trap
- Optional top or back supply

URINALS

- Wall hung urinals with washdown action
- Straddle model available
- Optional back or top supply

SHOWER PANELS AND CABINETS

- Stainless steel shower panels with vandal-resistant shower head
- Cabinet showers available in different sizes
- Slip-resistant floor

STAINLESS STEEL TOILETS

- Stainless steel vandal-resistant construction with no moving parts
- Available with or without LED status indicator

WATER MANAGEMENT SOFTWARE

- Manage your facility with complete control over all inmate water usage
- Log and monitor plumbing usage in real time
- Restrict plumbing usage from individual cell fixtures to the entire facility with the tap of a finger
- For safer, more efficient inspections, lockdowns, and extractions. Envisage® features an intuitive graphic interface with a map of your facility and touchscreen interface for each cell

CONTROLLER

- The NEXUS® system of controllers can operate as standalone units or as part of the ENVISAGE® water management network in your facility
- Stay in complete control of your plumbing system
- Options include wired or wireless communication, AC or battery power

VALVE SYSTEM

- I-CON's electronic valve system ensures accuracy, performance, and longevity in high grade materials designed to outlast the competition
- Flush valves, lavatory valves, and shower valves that operate without diaphragms
- Maximum water savings and minimal maintenance costs

Saniflo

SFA Saniflo is the world leader in the plumbing industry as a result of the above-floor technology used in SFA Saniflo pumps. SFA Saniflo's complete range of pumps are ideal for both residential and commercial needs.

The innovative method of using above-floor technology allows the installation of any sanitary application you can imagine, anywhere! Whether it's a small project requiring drain and condensate pumps to more complex engineered jobs, such as a whole building with multiple fixture units, SFA Saniflo has a solution; all you need is a water supply and electricity. Try SFA Saniflo for your next bathroom addition or home project!

Sanibest Pro®

The Sanibest Pro is a 1 HP pump system used to install a complete bathroom up to 25 feet below the sewer line, or even up to 150 feet away from a soil stack. It incorporates a grinder system which is ideal for uncontrolled environments in both residential and commercial applications (i.e., rental unit, offices, warehouses, etc). The Sanibest Pro is designed to handle sanitary products that may have been flushed down the toilet; such may consist of condoms, sanitary napkins, q-tips, dental floss, etc.

Sanicompact®

The Sanicompact is a self-contained dual-flush toilet system used to install a half-bathroom up to 9 feet below the sewer line, or even up to 120 feet away from a soil stack. It incorporates a macerating system which can handle human waste and toilet paper in residential applications. The blade is made out of a hardened stainless steel material which eliminates the need for any service or replacement.

Sanicom®1

The Sanicom 1 drain pump is used to pump gray water away from a variety of fixtures in commercial applications. The system is able to discharge the waste up to 25 feet vertical and/or 250 feet horizontal. This model was designed to sustain the toughest applications in commercial installations where hot water can be an issue as it is capable of handling up to 194°F as well as grease.

Sanicom®2

The Sanicom 2 duplex drain pump system is used to pump gray water away from a variety of fixtures in commercial and industrial applications. The system is able to discharge the waste up to 32 feet vertical and/or 390 feet horizontal. This model was designed to sustain the toughest applications in commercial installations where hot water can be an issue as it is capable of handling up to 194°F as well as grease.

Saniswift® Pro

The Saniswift Pro drain pump is used to pump gray water away from a variety of fixtures in residential and commercial applications. The system is able to discharge the waste up to 14 feet vertical and/or 140 feet horizontal.

Sanicondens®

The Sanicondens is a small pump used to pump condensate from condensing boilers, HVAC systems, water heater systems, etc. The Sanicondens will pump condensate waste up to 15 feet in height and/or 150 feet away from a soil stack.

Sanineutral®

The Sanineutral is a system that neutralizes acidic condensate from condensing boilers, HVAC systems, water heater systems, etc. The Sanineutral works without a pump or it can be placed before the Sanicondens or Sanicondens Best.

Sanicubic® 1

The Sanicubic 1 is a 1 HP heavy duty simplex grinder system used to pump away wastewater from several bathrooms and fixtures from an entire building structure. This system is able to discharge the waste up to 36 feet vertical and/or 328 feet horizontal. It incorporates a grinder system which is ideal for uncontrolled environments in both residential and commercial applications (i.e., rental unit, offices, warehouses, etc). The Sanicubic 1 is designed to handle sanitary products that may have been flushed down the toilet; such may consist of condoms, sanitary napkins, q-tips, dental floss, etc.

Heatlink

HeatLink Group Inc. is a multi-system supplier of potable water and radiant hydronic heating/cooling and systems for residential and commercial construction.

HeatLink's radiant heating systems create a comfortable and energy efficient environment for living. Our snow melt systems create safer public and private spaces that reduce liability for property owners, reduce maintenance, and ensure accessibility. Our well engineered plumbing systems provide peace of mind for property owners through extensive warranty protection, and enable quick and efficient installations for builders and contractors.

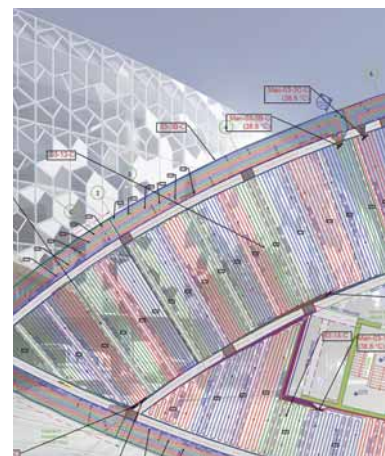

Contact Centon Sales for your Radiant Floorheating & Snowmelt Projects

Please contact Centon Sales for your Radiant projects. When you provide us with the project drawings, HeatLink will provide a detailed quote and heat loss information at no cost.

SMART SYSTEM

HeatLink® puts comfort at your fingertips with the new Smart System. Feel secure in knowing that no matter where you are, monitoring and controlling your home systems has never been easier with our simple to use app for iOS and Android devices.

The HeatLink® Smart System uses the Zigbee Home Automation wireless protocol, ensuring a strong connection between all wireless devices, and a secure path to the HeatLink® app. Without the need to run wires*, installation and setup are a snap, and adding devices to the system is hassle-free.

HeatLink 43301 Internet Gateway

HeatLink 46801W Wireless Thermostat

HeatLink 40328 8 Zone Wireless Module

Making the Complex Simple

HeatLink has found a way to make the complex more simple. With the Mechanical Room in a Box, some of the most common components of a radiant hydronic installation (mainly the wiring, pumps, and mixing valves), are installed on a panel with a plug, and boxed with a steel cover. This pre-wired, pre-fabricated, pre-engineered box is a time and money saving way to add control and consistency to an installation. Plug it in, and presto...you've got play!

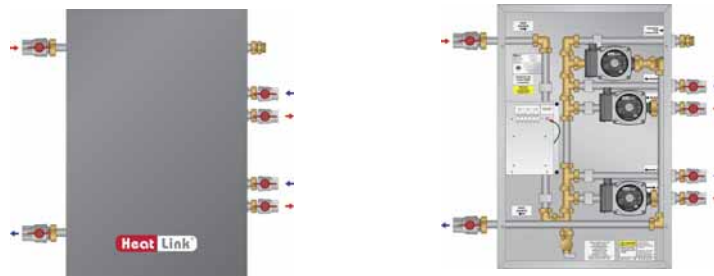

Making the Complex Simple

- Versatile solutions for simple or complex hydronic heating applications.
- Pre-fabricated, pre-engineered, pre-wired... pre-cise!
- High quality, reliable and standardized construction.
- Modular approach for ease of installation.
- Appliance-like protective steel cover; tamper-resistant.
- Closed hydronic systems can be extensively zoned.
- Solar energy sources can be seamlessly added.
- When properly piped, there is less component cycling...and more silence.

New Stainless Steel Manifolds

HeatLink is pleased to announce our new line of Stainless Steel Manifolds. They offer some of the highest quality and reliability in the North American market. Compared to previous versions, they boast improved performance characteristics and stable pricing. All sizes and configurations are being produced in Italy.

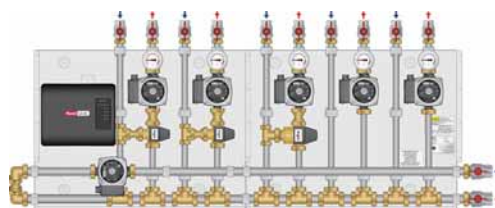

This change affects all 1^{1/4}" and 2" Stainless Steel Manifolds as well as all panel models that utilize stainless manifolds. To be able to differentiate from past manifolds (for service/repair), new SKU/part numbers have been created. Also note, that although the 2" manifold will be replaced with a 1^{1/2}" manifold, the specifications are comparable.

Sundries

With our broad selection of products, features and configurations, we have solutions pros need. And, most importantly, we stand behind our products and the pros who use them.

Ours products are made to stand up to the toughest jobs and scrutiny. They're built with pride and crafted with quality, for a job done right the first time. Pros put their craft, customers and character first. For us, it's quality they can count on.

Oatey

For more than a century, Oatey has been with you – on the jobsite, on the weekends, and on a mission to get the job done right. We've set the standard for quality in rough plumbing products, and we've innovated to help make your best work even better. We know tradespeople – the ones working tirelessly every day to build and maintain our communities – and we know what it takes to be your first choice. We deliver quality, we build trust and we improve lives. It's why we're here. And it's what you can expect from Oatey, every single time.

DECORATIVE SHOWER DRAINS

Decorative shower drains offer rugged dependability under the sophistication of the latest, tasteful flair in plumbing. Whisking away water quickly and elegantly.

OATEY® 130 SERIES SHOWER DRAIN FOR TILE SHOWER BASES

- Designed for use on built-up shower bases of tile or marble, where a shower pan liner is used.
- Quarter turn reusable test plug available
- Base features four countersunk holes to secure to the substrate/deck
- Low profile design for use in tight spaces.
- Solvent welds over 2" or inside 3" Schedule 40 DWV pipe.
- Reversible clamping collar is secured with stainless steel bolts into brass inserts to prevent stripping.
- Tile ring helps preserve grout lines

130 SERIES ABS COMPLETE DRAIN ASSEMBLY

OATEY® ABS FREESTANDING TUB DRAIN WITH STAINLESS STEEL FLANGE

- 304 stainless steel asymmetrical flange
- Pre-installed, tool-free 1/4 turn test plug allows for testing up to 40 ft. of pressure
- Easy to remove, high visibility, trip resistant protective cover keeps tile from being installed over the drain opening
- For various configurations, kit contains:
 - 1-1/2" x 8" flanged slip-joint brass tailpiece
 - 1-1/2" x 8" finely threaded brass tailpiece
 - Sch. 40 tailpiece adapter

Product No. Description

FTD35C	ABS Freestanding Tub Drain with Stainless Steel Flange
FTD36C	PVC Freestanding Tub Drain with Stainless Steel Flange
FTD37C	Cast Iron Freestanding Tub Drain with Stainless Steel Flange

OATEY® MODA™ WASHING MACHINE OUTLET BOXES

- One universal faceplate is compatible with all box types.
- All boxes can snap to one another, and common brackets can be used on any MODA supply box.
- Unique interlocking wing flanges accommodate on-stud, straddle-stud and three-box installations.
- Two piece valve design makes valve replacement easy to repair, without dam aging drywall.

TWO VALVE BOX + STANDARD DRAIN BOX WITHOUT HAMMER

Product No.	Description

HERCULES® UNIVERSAL CRYO-TEK™ ANTIFREEZE

Hercules® Universal Cryo-Tek™ Anti-Freeze stabilizes PH to prevent corrosion, chelates, hard water minerals, and inhibits the formation of scale and sediment. Blend of virgin (not recycled) propylene glycol and exclusive Triple Protection additives. Behold the power of Hercules®, products built to last and trusted by plumbers to withstand even the toughest conditions.

Part #: 353319

HERCULES® RTU-35 CRYO-TEK™ ANTIFREEZE

Hercules® Universal Cryo-Tek™ Anti-Freeze stabilizes PH to prevent corrosion, chelates, hard water minerals, and inhibits the formation of scale and sediment. Blend of virgin (not recycled) propylene glycol and exclusive Triple Protection additives. Behold the power of Hercules®, products built to last and trusted by plumbers to withstand even the toughest conditions.

Part #: 353319

OATEY® FLEX FLASH™ NO-CALK® ROOF FLASHINGS

Oatey® Flex Flash™ No-Calk® Roof Flashings are manufactured with a 100% flexible, foldable plastic base for commercial and residential applications that require a watertight seal for roof penetrations around the plumbing vent pipe. Self-sealing collar slides over pipe and requires no caulking. Oatey products have earned the trust of plumbing professionals for over 100 years.

Part #: 14046

MASTERS® SILICONE SEALANT

Masters® Silicone Sealant creates a water tight, mildew and crack resistant seal. The re-sealable,removable cap keeps product from drying out after opening. Masters® Silicone Sealant is rated for interior and exterior use from -50°F to 450°F (-45°C to +232°C).

PEX WATER STOPS

MULTI-TURN STOPS

- Multi-turn operation to control water flow with a few turns of the handle
- Machined, one-piece brass body construction for strength, durability, and quality
- Easy-to-remove handle to protect against accidental operation during rough-ins
- Repairable stem
- Available as SpeediOne one piece supply-an all-in-one water stop and connector – for added efficiency
- Available in crimp and cold expansion options for PEX installs

G2 1/4 TURN STOPS

- One-piece shutoff mechanism for smooth operation, even after long periods of non-use
- Machined, one-piece brass body for strength, durability, and quality construction
- Easy-to-remove handle to protect against accidental operation during rough-ins
- 100% leak tested and low-lead certified
- Available as SpeediOne one piece supply-an all-in-one water stop and connector – for added efficiency
- Available in crimp and cold expansion options for PEX installs

KT 1/4 TURN STOPS

- Quality brass ball valve with PTFE seats for easy operation and a secure seal
- Machined one-piece brass body for strength, durability, and quality construction
- Two high-performance O-rings withstand high temperatures and corrosion
- Easy-to-remove handle to protect against accidental operation during rough-ins
- 100 % leak tested
- Ideal for recirculating water systems above 115° F
- Available in crimp and cold expansion options for PEX installs

Plumbshop®

Plumbshop® 1/4-turn ball stops are available in multiple configurations. They feature tough chrome plating for corrosion resistance, easy-grip 1/4-turn handles, and a 1-year limited warranty. Certified lead-free.
