Student Enrollment Form

Important Information

CIMA is hosting the 2025 Leadership Training Symposium solely for its member companies and affiliates. The current member list is kept on file at the CIMA business office and will be confirmed prior to completing enrollment. All course enrollments will be on a first come, first served basis. Once a class is filled, enrollment will be placed as an alternate unless the student chooses to enroll in another course. Students may not register for more than more class, unless approved by the CIMA training officer. Payment of the course enrollment must be received no later than April 3, 2025. If payment is not received by April 3, 2025, a student will be dropped and replaced by an enrollment on an alternate list. PO's for courses will be accepted.

If you need help completing this form, please contact the CIMA Business Office.
