☐ Alternate List

Student Enrollment Form (Non-CIMA Members)

Important Information

CIMA is hosting the 2026 Training Symposium primarily for its member companies and affiliates. The current member list is kept on file at the CIMA business office. All course enrollments will be on a first come, first served basis, with CIMA members having priority to enrollment. Once a class is filled, enrollment will be placed as an alternate unless the student chooses to enroll in another course. Students may not register for more than one class, unless approved by the CIMA training officer. Payment of the course enrollment must be received no later than August 18, 2026. If payment is not received by August 18, 2026, a student will be dropped and replaced by an enrollment on an alternate list. POs will not be accepted from Non-CIMA members. **If you need help completing this form, please contact the CIMA Business Office.**
