

OUR SERVICE

Space Gallery St Barth works closely with Well Concierge to provide a full *After Sales Service* – consider us your personal art concierge for all your art needs in your new home or property.

As the official Art Partner working with Well Concierge, Space Gallery offers a consultation service on a complimentary basis to all of her clients as part of their post-purchase care and attention to detail.

The service can range from consultation, selection of artworks, curation of your space, collection building and appraisal/ authentication of artworks for your growing collection from our carefully selected leading international artists with a trademark European flair which is in perfect synchronicity with Well Concierge's 'savoir faire'.

Space Gallery St Barth is experienced at providing art consultation to help you find and acquire artwork you love to make your house your home.

PAST CLIENTS

Space Gallery has worked extensively with commercial and residential clients on luxury projects which include –

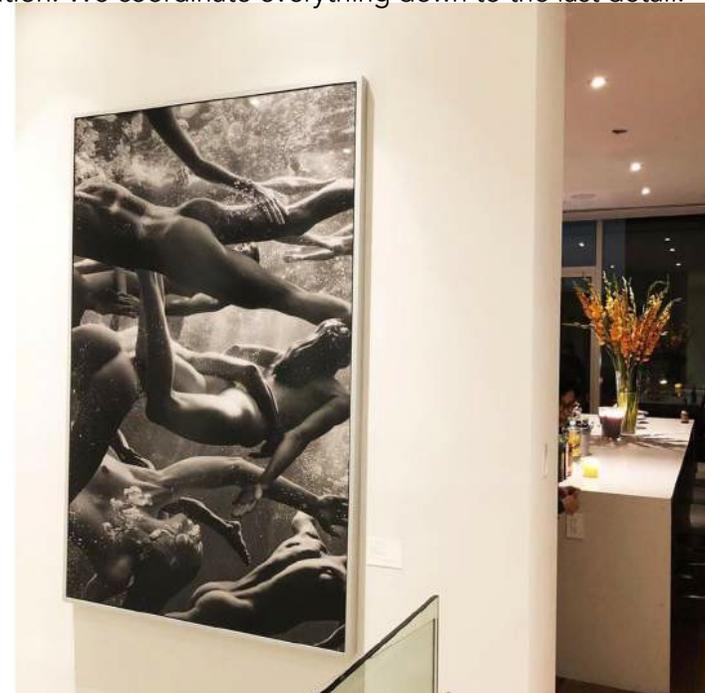

- **ultraluxe hotels** such as Eden Rock St Barth, Cheval Blanc, Le Guanahani, AKA Tribeca, Broome Hotel NYC
- **private clubs** such as Grace Belgravia, Gustavia Yacht Club
- **design studios** and interior designers like Elisa Bally, Todd Merrill, Jennifer Post and Christian Liaigre.
- **Extensive luxury private properties** in the Caribbean, United States and Europe

WHAT WE CAN DO FOR YOU

Our process for these projects has four main steps:

- Consultation with you to understand your goals, vision and budget to inform selection of the artwork for your space.
- An onsite visit can be organised to feel out the space, see scale, view light and existing artwork/ furniture. This to inform formats of works that would be appropriate, and think about the flow of hanging and placing pieces.
- A suggested curation will be proposed with mock-ups and simulation working from images during the visit and floorplans to provide a complete or partial curation of artwork as desired.
- Confirmation of pieces for your home will be followed by delivery and installation. We coordinate everything down to the last detail.
