

Who We Are

VentureNest Advisors LLP is a **science-led venture studio** dedicated to building and scaling **pioneering Biotech and MedTech startups**. Our mission is to create a global, knowledge-driven platform that responsibly invests in innovative research and medical technologies, **leveraging US, European and Indian scientific leadership** combined with **Indian operational engines** enables **3–5×** greater capital efficiency in building new biotechs, while applying global business models for transformative healthcare solutions.

Market Opportunity

- **Pharmaceutical Market:** Projected to reach **\$3.03 trillion** by 2034 at 6.15% CAGR, driven by biologics, personalized medicine, and AI/ML integration.
- **MedTech Market:** Expected to hit **\$886 billion** by 2032 at 6.5% CAGR, fueled by robotics, AI, IoT, and advanced surgical devices.
- **India Advantage:** Deep STEM talent pool, **proven CRO/CDMO capabilities**, untapped academic IP, and geopolitical tailwinds position **India as a global biotech hub**.

Our Competitive Edge

- Scientist-led, operator-driven leadership team with global experience.
- Privileged access to breakthrough science through elite scouting networks.
- Venture model that de-risks investments and accelerates growth by diversification.
- India's cost-effective talent combined with global vision for scalable returns.

Investment Focus

- **Innovative Drugs (505b(1)):** Early-stage startups with validated PoC.
- **Drug Repurposing (505b(2)):** Clinically approved drugs for new indications.
- **Medical Devices:** Prototype-stage technologies with strong IP and regulatory pathways.
- **Proposed Research Areas:** Immunology, RNA tools, and precision reprogramming in oncology, neurological disorders, regenerative medicine.

Financial Snapshot

- **Fund Size:** \$40–50M (hard cap \$75M).
- **Target Return:** 25% Gross IRR over a 10-year term.

- **Portfolio:** 7–10 biotechs with \$3–5M allocation each; structured milestones to secure Series A/B funding and enable clinical success.

Current Position & Next Steps

- **VentureNest Advisory LLP** incubated; leadership and advisors finalized.
- **Active scouting** for assets and investor onboarding underway
- **Next steps:** Incorporate entity, finalize SEBI registration, and secure anchor investors.

Call to Action

Be part of shaping the future of medicine and MedTech innovation. VentureNest Advisors LLP is building a science-driven venture capital platform that combines deep research expertise with strategic execution to deliver transformative healthcare solutions.
