## REPAIRS

Like all other materials, metal can break down. The problem could be rust, a broken weld, or another issue, we can help you analyze whether repairs can be made in a cost-effective manner or whether an item needs to be replaced. We offer the following:

## ONSITE

- \* Consultation
- \* Inspection
- \* Welding
- \* Fabricating

## REPLACEMENT WELDS

Presidential can often remove materials from a broken weld and re-weld the piece to make it functional again. Depending on the piece and its use, inspection may be required for new welds before the item can be returned to use.

## FABRICATION

Rest assured that almost anything can be fixed, the only real question is what is it worth to you? Innovatively accountable to provide you with the proper consultation if a welding situation is costly, unnecessary funding can be saved. Maintaining your best interests is a part of our business model, long term maintenance is our goal.

\*All welding and metal fabrication completed is guaranteed.
