LETTER FROM THE PRESIDENT

Steve Crow

We've put another good Best Of The West behind us. All had a good time with plenty of people and plenty of fun. I call it a grand success. It looks like 2028 and 2030 BITW will be at the same Hilton/Monarch hotel. There was vote at the last Seattle meeting to approve the BITW be held at the same hotel. There was no opposing votes and I am sure there will a vote in October at Jerry's place approving the Hilton Garden Inn as the spot for the next BITW.

We have been adding new members at just about every meeting, some young and some older folks. I think the friendly and helpful atmosphere is helping with that. We continue to grow unlike some groups who have had more people drop out than add new members. Please spread the word about the club to others. We need to keep growing.

We are still working on an updated website and we expect to make the change before long. The electronic payments through PayPal are very successful We've now handled electronic payments for dues, BITW registrations and auction payments.

Content contributions to our newsletter are always welcome. Walt welcomes stories, announcements of upcoming events or a project that you would like to share. Please do your part to add a little something special to the next one.

We awarded two scholarships again this year and they are very generous by most standards. We look forward to continuing in 2027. Annamarie heads the Scholarship Committee and has again done a great job. The Scholarship account is in good standing.

The club has benefited greatly from the auctions so far this year. Bill Racine, Brent Knoles and Steve Broderick have been a wonderful team for auction item gathering, sorting and picture publishing.

We have a great group of volunteers, young and old, who help make it all happen. There is very much that happens behind the curtain because of the many people who work to keep us going. Give thanks to all those where thanks are due.

Take care, see you at Jerry's

Steve Crow
PNTC President

GETTING TO KNOW THE 2026 BITW FAVOR

Our 2026 BITW Favor is a unique little Molding Plane. For this favor I wanted to do something a little different than what we've been doing over the past several years. I greatly appreciate the look and feel of hand crafted early year favors without castings and multiple polished parts. For 2026 I wanted to recapture that feeling and share it again with our membership. Years ago a gentleman by the name of Frank Manville made favors for BITW 1992, 1994 and 1998, all of them without cast parts, all of them by hand, and yes they were not all 100% the same. I also wanted to have this creative experience and theretofore this 2026 BITW Favor is the first favor since 1998 that does not contain any cast parts.

Inspiration for this design came from looking through old catalogs, coffee table books and auction results listings. The muse for this design is the shape of a typical Molding Plane and I was not trying to mimic any particular manufacture. Molding Planes and their profiles come in many shapes, often custom creations of the owner for a specific project need. When this design was presented to the PNTC Directors for approval one of them said *"Do something with the bottom, don't make it flat."* The design was updated to contain a basic cove which is less complicated to fabricate with typical tooling found in a home shop.

Our 2026 BITW Molding Plane is made of Black Walnut with a tool steel blade. A custom "PNTC" logo was created and located on the front edge, typical for a manufacturer's stamp location. The 01 Tool Steel blade has a semi-sharp edge for safe handling reasons. The Wedge is made of European Beech, which is typical for this type of wood body plane. Each plane was individually assembled, processed, detailed and finished by hand. Only 200 of these Molding Planes were made along with several special versions for the Auction and Appreciation Awards. This commemorative tool is not designed for everyday shop usage or as a toy. I hope this 2026 Molding Plane Favor will find a welcoming place in your collection.

In 2024 The PNTC Directors and PNTC Membership approved a *"Favor Budget"* of \$4000, which was revised in 2025 to \$5000. I'm very happy to say that the Favor Team successfully completed this project with a total cash expenditure of \$1,235, well within our budget limit. Volunteer time along with donated labor, machinery and materials were major contributors in staying within this budget limit. Historically this has been the lowest budget ever given for the BITW Favor Projects.

As always, a big THANK YOU to my Favor Team for their time, skills, equipment, supplies and feedback.

This grinding wheel was used regularly when it lived in the basement of the house where I grew up in Racine, Wisconsin. It travelled out to Seattle about 20 years ago and I now use it rarely. The hook - just a bend in a rod from the connecting groove to the pedal - broke off, probably on its journey to me, and I've been using it w a steel cable.

4736 40th Ave. SW, West Seattle, WA 98116

From I-5 EXIT 163 West Seattle Bridge

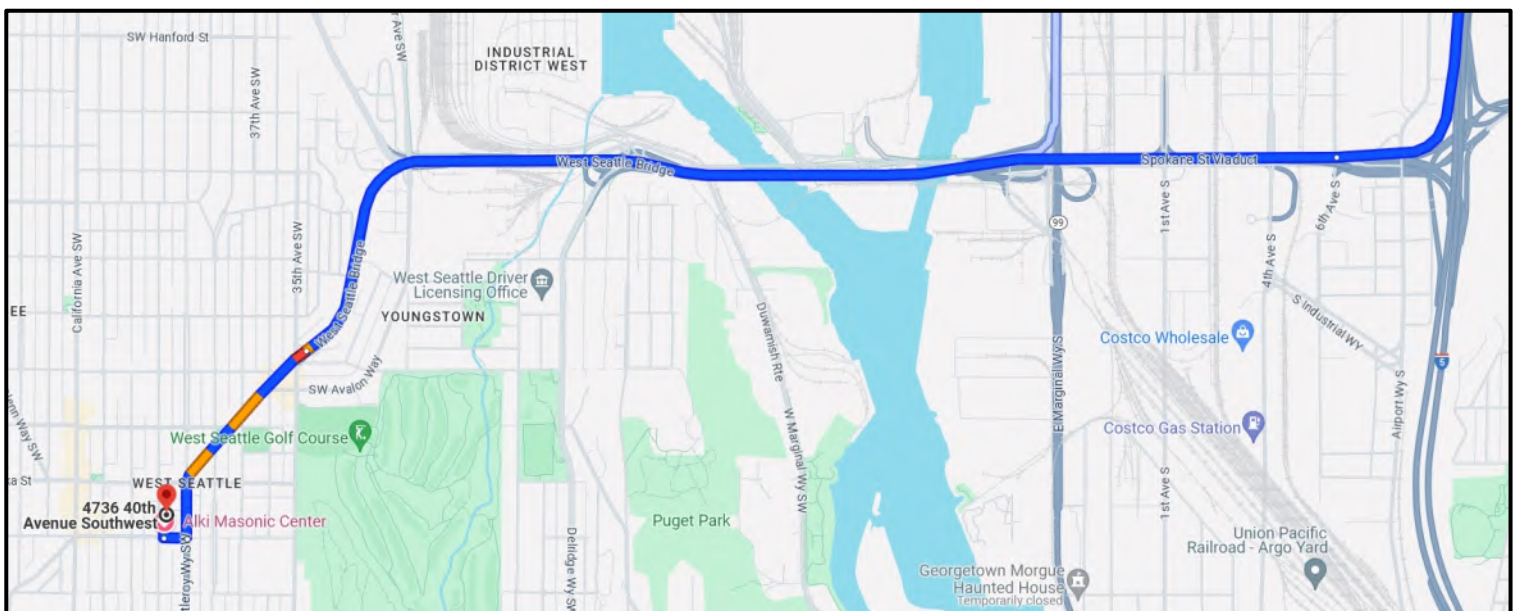

Stay in left lane for three miles (watch speed). Past the West Seattle Bridge, follow the signs to Fauntleroy Way SW and Vashon Ferry.

Come up the hill in the LEFT lane (2nd from the right). When the freeway ends at the 1st light, remain in the 2nd lane from the right, and continue straight ahead on Fauntleroy Way SW (DO NOT use the two left turn lanes).

Continue straight to the 5th light, and USE the two left turn lanes as Fauntleroy Way SW bends left, cross Alaska St. SW, continue straight.

At the end of the long block, turn right onto Edmunds St SW. Enter the parking lot on your right, in the middle of the block.
