THE INDEPENDENT LIVING CENTER OF NORTH CENTRAL OHIO, INC.

The Independent Living Center of North Central Ohio, Inc. (ILCNCO) was established in 1993. It is a non-profit consumer-controlled organization working for, and with, individuals with disabilities in Richland, Crawford, Ashland, Knox, Morrow and Huron counties. As a Center for Independent Living, our core services, as defined by Title VII of the Rehabilitation Act 1978, are Advocacy, Peer Support, Independent Living Skills Training, Information and Referral and Transition Services. We provide other services and programs when available, including various opportunities through collaborative effectors with other agencies and businesses.

Consumer involvement is the major element of our agency. A 51% majority of the Board Members, Director, Staff and Volunteers are individuals with disabilities. Services are provided by people who truly understand the experiences of individuals with disabling conditions.

Individuals with disabilities have the right to control their own lives and secure full participation in society. The Independent Living Center provides services for independent living in a nonresidential program that offers services to individuals with mobility impairments, neurological disorders, visual and hearing impairments, learning disabilities, and other disabling conditions.

If you or someone you know has a disability and are in need of assistance with daily living skills, employment, social or educational goals, our agency may be able to help you find resources.
