

The Jim's Gem

Memorial 3-on-3 Basketball tournament

Jim Dennis attended VIT High School and was an avid sports fan throughout his life. Jim understood the impact basketball and sports in general could have on a child's life. He lived his life helping young people through many avenues. One of his passions and inevitably career was working at DCFS where he helped find safety for those in need. Jim had no hesitation or reservation helping a child who needed basketball shoes, a ball, or anything else necessary to drive their success on the court. This 3-on-3 tournament is held in his honor with hopes that every child will have an opportunity to utilize this amazing game in whatever situation life throws their way.

**All proceeds will go towards the purchase of
basketball hoops and balls for local community families.**
