

# NFHS LIVE STREAMING INFORMATION

South Fulton Sports Fans:

The VIT Jr/Sr High gym, football field, and the Astoria gym(starting February 10) are now equipped with Pixellet cameras for live streaming services. Through the NFHS Network, you can purchase a subscription to be able to view all of the events held in these locations, as well as, at other venues across the country that may offer this service. Another nice feature of the network is that all of the games are archived so they may be watched on a later date.

To purchase a subscription, follow these easy steps:

- Log on to [NFHSnetwork.com](http://NFHSnetwork.com) and click on Browse at the top of your screen  
Enter your school name
  - VIT High School -Astoria- Table Grove Coop
- On the right-hand side click on the “subscribe” button
- You may select either the “Annual Pass” or the “Monthly Pass” option. The annual pass will give you all the seasons of sports at any venue that uses the NFHS Network to live stream events. Most of the schools in our conference currently have this service or are in the process of installation.
  - \*\*\*Please note\*\*\* Both options are subscriptions and will renew each year or month depending on the selected option and must be cancelled by you to stop automatic charges.
- Until further notice South Fulton Athletics will only allow a limited number of home spectators to events, and currently very few schools, if any, are allowing visitor spectators to attend.
