

Dear Parents and Students,

On-line registration for returning students of Astoria CUSD #1 will be open beginning July 10th.

There will be NO in-person registration for the 2023-2024 school year.

If you do not already have a PowerSchool account, parents/guardians and students will need to create an account. To create an account go to the **PowerSchool Parent/Student Login** at <https://astoria1.powerschool.com/public/home.html>. This is only for the parent or guardian of an Astoria School's student AND student of Astoria Schools. Follow the instructions by choosing "learn more" to assist in setting up your account.

Once you are into your account, parents will find all student forms that need to be completed on their PowerSchool (PS) Parent and Student pages. Each of your student's names will be at the top of the page within the blue bar. The term "Forms" will be found on the left side of the page. This is where you will find the forms that may require both your signature and your child's signature. The student will find the forms they need to sign on the PS student page as well. Please take a moment to look over your PS page and make any changes to information provided and submit any and all forms that apply to each of your children.

Fees for 2022-2023 school year are as follows:
