Series	Applications	Properties	Additives	Type
A/AB	ABS, cellulose acetate, nylon 6/6 polypropylene, acrylic paint, PVC, Polystyrene, Kevlar, aluminum acetate ceramics, wood, glass-filled nylon, terracotta, urethane, rigid rubber	High gloss, chemical drying, high chemical resistance, BPA free	700001 Hardener 700030 Slow Thinner 200000 Med. Fast Thinner 700081 Jet Thinner	2-component screen and pad printing ink
Flexiplan	Soft PVC - truck curtains, tarpaulin covers, banners, PVC flags, artificial leather (baseballs) Rigid PVC (Forex sheets) foamed urethane (flexible)	high gloss, opacity and weather resistant, no harsh odor (contains no cyclohexanone), BPA free	700030 Slow Thinner 700035 Medium Thinner 200000 Med. Fast Thinner 700081 Jet Thinner	1-component screen and pad printing ink, roll and airbrush
KTC	Polypropylene, polystyrene, cellulose acetate, PVC, polyethylene, paper, nitrocellulose coatings	glossy, good for high-speed printing, add 3%-5% of hardener for optimum impact resistance, no static buildup, BPA free	700001 Hardener 700030 Slow Thinner 200000 Med. Fast Thinner 700081 Jet Thinner 200022 PRISMprime	1 or 2-component screen and pad printing ink
Vision 3000	PVC (rigid & soft), acrylic glass, polycarbonate foil, coated polyester foil, polystyrene (dull finish), PETG	high gloss & high opacity, physical drying, BPA free	700030 Slow Thinner 200000 Med. Fast Thinner 700081 Jet Thinner	1-component screen and pad printing ink
G-Series	Thermoplastics, Polycarbonate (PC), PMMA (acyrlic glass), polyamide (PA) pre-treated polyolefines, polypropylene (PP) duroplastics, and coated surfaces.	High gloss & high opacity, BPA free	700001 Hardener 700030 Slow Thinner 700035 Medium Thinner	1 or 2-component screen and pad printing ink
UV Drive	Especially developed for printing Golf Ball Materials	UV Curing, Organic Solvents, Glossy Finish	700030 Slow Thinner 700035 Med. Fast Thinner	1-component screen and pad printing ink

All PRISMflex inks meets EN 71-3:2019 Specification for migration of certain elements. PRISM-Mix color matching system available for all ink types
