“ We visited Méribel for the first time March 2026 and it was the first time we had been skiing.

I was instantly put at ease meeting Roger! He has a wealth of experience teaching people to ski, and I was very much a nervous skier at first!

He was like a breath of fresh air! He took the time to carefully listen to what I was struggling with and taught me in ways that were so simple to learn.

We had a few 2 hour sessions but he stayed with us to be our tour guide afterwards when showing us routes to Courchevel. This was above and beyond.

He gave myself and my partner the confidence we needed, he would push us to ski slopes that we thought we weren't capable of doing to overcome fear.

He was a big part of our holiday and we will 1000% be back next season! “

“Just spent 6 mornings with Roger building up my confidence before a week skiing with my family.

Roger was incredibly patient and the lessons were very much at my pace, refreshing helpful tips I have learnt over the years learning to ski as an adult but reinforcing the techniques I need to use.

Roger knows the area really well and the best runs for me to attempt.”

“My husband and our two children (15 and 18) had never skied before, and Roger somehow managed to build their confidence and basic skills within the very first day, something we never thought possible.

Roger has an exceptional way of explaining things clearly, calmly, and with endless patience. He made everyone feel completely at ease, tailoring his teaching to each person’s ability and learning style. Every single day we could see real progress, not just in technique but in confidence and enjoyment too.

By the end of the week, what started as nervous beginners had turned into skiers who genuinely loved being on the mountain and couldn’t wait to get out there each morning. We made so many fantastic family memories thanks to Roger’s encouragement, professionalism, and great sense of humour.

We can’t recommend Roger highly enough and will absolutely be booking him again when we return to Méribel. We’re already counting down the days! ”

“I had a really positive experience during my two lessons with Roger, who is friendly, patient, and positive.”

from

PJ Whitby - Jan 2026

“I struggled 2 years previously with group lessons, and lost confidence. Roger not only helped restore it, but I felt far more experienced and in control after just two lessons.

I highly recommend his tuition - especially if you're anxious about improving.

Thanks Roger!”

Making Tracks for  
lessons, thank you!”

“A great, calm ski instructor with a lot of patience.

Transformed our very stubborn 5 year old from refusing to ski on her own to confidently whizzing down green runs in just a few days and loving it!

He also did group lessons with myself, husband, 8 year old, older daughter and her boyfriend and we all progressed really well through the week.”

“I had a really  
positive experience  
learning with  
Roger.”

from

“I started the week with very little confidence and was hesitant to move out of a snow plough, but Roger helped me progress into parallel turns in a way that felt calm and achievable.

His explanations were clear and easy to understand, and he adapted the lessons to suit my pace and ability.

Roger is patient, supportive, and knows exactly when to push you just enough to improve without feeling overwhelmed. By the end of the week, I felt far more confident and comfortable on my skis than I expected.

I’d happily recommend him to anyone looking to progress their skiing in a supportive environment.”

# “Fantastic lessons with Roger!”

from

Lian B. - Mar 2025

“Our second year of lessons with Roger in Meribel. Roger is a fantastic ski instructor and we would all highly recommend!

He got us all skiing confidently and got us through a few confidence wobbles! He even managed to get our extremely stubborn 5 year old absolutely loving it, after she spent 3 days refusing to put skis on!

Roger was lovely to be around and gave us all sorts of tips and routes to try out which made our holiday so much better!

We can't wait to book again next year!!”

Roger was extremely patient and made me feel at ease, I would highly recommend using their services, I relaxed into the skiing and enjoyed the rest of our skiing trip.

Thank you Roger.

Kind Regards,

## “Highly recommend lessons with Roger in Meribel”

from  
Sarah P,  
London.  
- Mar 2025

“We booked 3 mornings of lessons for my 10 year old daughter with Roger in Méribel. She hasn’t previously enjoyed group lessons as she worries about being left behind and going on button lifts!!

So we shared this with Roger and he made her lessons really tailored to what she’d enjoy and what would build her confidence again. From the outset he was friendly and positive, breaking the ice with her by discussing their snack of choice in the mountains....it was then crucial each morning to bring him a Double Decker!

She loved the lessons, talked non-stop about what she’d learnt with Roger, passing on tips and techniques to us, and we saw an unbelievable change in the way she skis and her confidence in tackling anything. He really analysed her style and personalised his teaching finding memorable ways for her remember techniques and tackle different conditions. We hoped that we’d be able to ski together as a family and for the rest of the week we did, with Emily never being so eager to ‘keep going’ and of course she’s now quicker than Mum!! First class experience with Roger and we’d highly recommend to others. Many thanks.”

from

“I had three lessons with Roger in Meribel in Feb, I couldn’t say enough great things about him, super patient, very skilled and also a good laugh, left feeling like a much more confident skier than when I started, 10/10 would recommend!”

“ROGER IS A  
LEGEND!!!”

from

Kathy P. - Jan 2025

“I What can I say? Roger is a legend!! He truly restored my confidence in skiing when I just wanted to give up and go home!

He was so patient and kind, listened intently to all my skiing woes and tailored my lesson to suit me.

I went from a quivering mess to a confident beginner in the space of 3 hours.

I was able to enjoy the rest of my holiday and ski with the rest of my friends.

If in doubt do not hesitate to book a private lesson if you can afford to, it will be worth every penny.

From someone who married into a skiing family and trying to learn at nearly 40, Roger gave me the confidence and love for skiing, so I can look forward to our next trip rather than dread it!

If and when I return to Meribel, my first point of contact will be to book a refresher before getting back out there to enjoy the slopes.

Can't thank Roger enough.”

“Excellent ski  
instructor!”

from

Lian Bradley. - Apr 2024

“We have just returned from our first family skiing trip April 2024. We booked 3 lessons (2 hour lessons) with Roger for myself (37) and 2 children (4 and 7) all complete beginners!

Roger was super friendly and a great skiing instructor and I would highly recommend him!

Myself and my 7 year old started out like Bambi on ice but by our third lesson with Roger we were both confidently able to go down green runs, turn and felt confident stopping which was huge progress from where we started!

My 4 year old is very difficult and won't talk to anyone unless she likes them so this was a challenge for Roger but half way through her first lesson she was chatting away and he even got a high five!

We look forward to booking more lessons with them next year!

# “Amazing Ski Instructor”

from

Tracey W. - Mar 2024

“I had two lessons with Roger in Meribel and he was absolutely brilliant! I had felt stuck for nearly six years with not being able to progress my skiing and Roger in the little time we had made all the difference and persisted in getting me to practice the same thing over and over which might not sound as fun but my god did it work!! His gentle and positive approach made it less fearful and more enjoyable.

My sister then later on our trip had a terrible experience with another instructor from another company and Roger managed to fit us in the next day. Roger took myself, my sister and my niece over to courcheval and got my sisters confidence back in minutes! he also managed to have time to teach my niece some tips who was more advanced than me. I can't recommend Roger enough.

Roger thank you for all your patience and expertise it brought the fun back to skiing again and I am looking forward hopefully skiing with you again if I get to come back to Meribel!

Tracey.”

“... My instructor, Roger was fantastic and really helped me with my confidence and technique. Every movement was really well explained in a format that was easy to understand but made a lot of sense. I immediately booked a second lesson after my first.

My advice - don't hesitate to book! You won't be disappointed.”

# “Ski Masterclass”

from

ScottishLesley, London.

- Mar 2022

“Finally decided after many years without professional help to have a one-to-one ski lesson to help iron out the bad habits collected over 30 years of skiing.

Roger was brilliant, identifying instantly areas for improvement. He understood exactly how some of my habits had come about (mainly from having started skiing when kit and style were completely different) and provided memorable ways to practice and adopt new techniques.

A great session and with my skiing improving immediately, the only regret was leaving it so late I couldn't book more. Well worth the money.”

“Best ski instructor  
ever!”

from

Bryony D, Aberystwyth.  
- Jan 2022

“I’ve had quite a few ski lessons previously but Roger is by far the best teacher I’ve ever had. He was patient, friendly, knowledgeable and really interesting. I’ve never had the 'why' of skiing explained to me before.

All 3 of us felt we got a lot out of 2, 2 hour lessons with Roger even though we were a really mixed bag - a nightmare for ski instructors I'm sure...1 of us was a very confident skier but hadn't been out for over 10 years, 1 of us was a total beginner and 1 (me) incredibly nervous after a bad fall and injury on the pistes in 2019.

Whatever level you're at, a lesson at the start of your holiday will really set you up and we thoroughly enjoyed the rest of our week (although we did miss Roger's stories!)

Highly recommended!”

“Being our first ever Ski Holiday (and over Feb half term), the whole process of booking lessons etc felt very daunting.

The adults had the pleasure of skiing with Roger. What a lovely guy!!! He was encouraging without pushing me out of my comfort zone too much – but just enough to challenge me to go for the next level. I was the least confident out of our group, yet by the end I was tackling the end of red runs with his guidance and support the whole time. The rest of our group went from strength to strength – my husband Justin & our friend Andy were going from the very top of some steep red runs by the end of our holiday. We really couldn’t have asked for a better instructor. Really loved our little chats on the lifts too. We were so sad for the lessons to be over – we could have carried on skiing with Roger forever!

Thank you for making our first ever Ski Holiday so amazing & memorable. We had the best time.

Love, Natalie, Justin, Andy & Louise ... xxx”

“We booked based on customers previous reviews and are more so delighted about the level of teaching we received.

Easy communication, amazing teacher for our boys aged 15 and 16 who want to push the boundaries of their skiing at the moment but seem to want to speed and excitement too.

Roger their teacher provided them with everything, they were full of praise for him and looked forward to lessons. Perfect!

Thanks Roger.

Would we book again? ... absolutely!”
