

Introducing Colleen Burke, Cedarson's Teacher

Hello! I am a BC-certified teacher, Early Childhood Educator, forest school practitioner, kindergarten specialist, and children's yoga instructor with over thirty years of experience. As a mother of three adult children and owner of three fur babies, my passion for supporting children and families led me to establish Cedarson Learning and Support after relocating to Errington with my husband, Mike.

In my home-based classroom, I create a safe environment for children to learn and grow uniquely. My individualized curriculum fosters a love of learning and builds confidence, covering subjects like science, math, reading, writing, art, yoga, music, movement, and social studies, all aligned with the BC Curriculum. As a former forest school teacher, I emphasize outdoor play and learning in nature. I look forward to meeting you and your family!

Kind regards,
Colleen 😊
