

Why Choose Cedarsong?

Cedarsong Learning and Support aims to create a joyful and empowering environment for young learners aged four to eight. With small groups of no more than six students, I provide personalized attention in a home-based primary classroom that fosters community and trust. This safe atmosphere encourages children to embrace new learning experiences.

I make learning engaging with hands-on activities, such as exploring animal adaptations, building a "Salmon Forest," and holding weekly "Poetry Parties." Following the BC curriculum, lessons cover various subjects tailored to the children's interests and learning goals. I focus on differentiation and scaffolding to support every student's success.

Cedarsong promotes exploration and collaboration, nurturing a lifelong love for learning. Parents receive resources and guidance for their homeschooling journey, photos of their child's work, including weekly updates and monthly personalized progress notes. Additionally, we provide "The Bird," a space for parents to relax or work while their children learn.
