# *My background*

BEL INTERIOR STYLING

I have had the privilege of working in the styling and design industry over the last 8 years, with property staging being my initial entry point. Throughout my career I have collaborated with various styling companies and had the opportunity to work with many talented stylists and designers. Over the years, I have been fortunate to experience a wide array of styles, which has equipped me with a deep understanding of both the requirements of different spaces and the true desires of clients.

## *Bel interior Styling 2022-*

Bel Interior Styling is my personal business, dedicated to Styling and Decorating, Interior Design, and Property Staging. I have completed numerous projects, from renovations, to refreshed aesthetics. My emphasis is on designing spaces that not only look stunning but also evoke a sense of comfort. My objective is to align my clients' visions and lifestyles ultimately helping them achieve their dream outcomes.

# EXPERIENCE

I worked as an assistant stylist specialising in property staging for sale. I would support the selection of furniture, artwork and deco, assist in installations, and manage pack ups. Working along side of a very talented team I gained insight into the requirements of a property, completing rooms effectively, and creating a harmonious flow by blending styles, colours, and textures.

## *M+CO Property 2020-2023*

I became a subcontractor stylist with M+CO, where I sourced my own projects and oversaw them from the initial quotation to final completion. I collaborated with very talented and experienced designers and stylists. This subcontracting experience allowed me to cultivate strong relationships and develop a solid client base that includes real estate agents, developers, and homeowners.

M+CO also served as an invaluable resource for my clients seeking trade services like painting, flooring, tiling, and window dressing, offering more than just styling opportunities. I provided advice on what would be most aesthetically pleasing while staying within my clients budgets.

## *Kmode Interiors 2023-2025*

I worked as a senior stylist with the Kmode team, overseeing my own projects. Kmode provided an excellent selection of high-end furniture that perfectly met my clients' needs both for staging and private styling.
