12 Mile Beef is a multi-generational family-owned and operated farm nestled in California, KY, a rural farming community located in southern Campbell County along the 12 Mile Crick, which is where our name comes from. Faith, Family, Farming, and Tradition are the pillars on which our farm resides and are what we strive to uphold every day. While our farm has changed over the years, what once were tobacco fields are now mainly hay ground. Our cattle operation has continued to expand and evolve into what it is today. We are proud of our roots and are committed to raising and providing quality beef to our amazing local community. No added growth hormones or antibiotics are given to our cattle, so you can rest assured that the beef you're getting is the same quality beef that we feed our family. From curated beef bundle boxes to specialty retail cuts, we have products that will meet everyone's needs. We find immense joy in spending time with one another on the farm and working together as a family and hope to continue serving our community with this same joy for years to come. Thank you for allowing us the opportunity to bless your family as we continue to do what we love!
