

Sonlight Ridge Farm Katahdins

1687 Siry Road

California, KY 41007

sonlightridgefarm.com

Owners: Steve, Cheryl, Aaron and Marie Myers

Sonlight Ridge Farm, SRF, was established in 2000 when Steve, Cheryl and their 6 children moved to the 20-acre farm in California. The family was interested in pursuing agricultural 4-H projects as well as a country lifestyle. Since then, 3 other children were welcomed into the family along with a variety of 4-leggeds. SRF has housed pigs, goats, miniature horses, dogs, cats, guinea pigs, pet rats and even welcomed a petting zoo camel who spent a month being trained to lead by the children. This boarding critter sure got his share of photos taken by passers-by while on the farm!

Sonlight Ridge Farm Katahdins began in 2018 as we brainstormed ideas for sustainable land management options for additional purchased acreage. After researching different livestock options, we were drawn to and decided upon, Katahdin Hair Sheep. Their ease of care (no shearing), great mothering attributes, prolificacy rates, breed versatility, parasite resistance, and hardiness sold us on this breed of sheep. Sonlight Ridge Farm Katahdins strives to add value through a strategic breeding program and management techniques. We currently raise registered Katahdin lambs who are purchased as part of our buyer's start-up Katahdin flock, used to improve existing flock genetics, as meat for the dinner table, or as pasture ornaments—our sheep are really friendly!

The mission of SRF Katahdins is two-fold. Our primary goal is to glorify God and show the love of God's Son, Jesus, to the people we meet. Secondly, Sonlight Ridge's mission is to provide excellent care and production practices to our Katahdin sheep and other animals while managing with integrity the operation of our farm and our interactions with our customers and community.

Sonlight Ridge Farm Katahdins welcomes you to visit our farm, meet our flock of Katahdin Hair Sheep, and learn about lambing as well as the care of our sheep. While on the farm you will also have the opportunity to see our miniature horses, Harry and his brother Willy and learn about the 4-H program. Lamb meat will be available for purchase.

We hope you can join us for the 2023 Baaa-ck Roads Farm Tour where Sonlight Ridge Farm brings excellent Katahdin sheep to your farm or table one lamb at a time!
