Owner: Tom Curry

TC Farm is a small family horse farm. We began years ago when our three daughters participated in the Kentucky State 4-H Horse program through the Campbell County 4-H Saddle Up Club. They participated in all three disciplines: Western, English, and Contest. As they were finishing high school and college, we began a breeding program with an AQHA “cow bred” stallion that we had raised and then transitioned to an AQHA “contest bred” stallion, both with excellent bloodlines. This year we sold a 9-year-old gelding that is an AQHA Reserve World Champion Pole horse, and my current stallion is a 2022 AQHA World Bronze Champion Pole horse.

Our goal is to raise and sell a couple of quality performance quarter horses each year. We have also teamed up with another individual and have ventured into the Thoroughbred side of the horse world by jointly owning a daughter of the 2014 Kentucky Derby and Preakness winner “California Chrome”. Our hope is to breed her, raise, and sell at least 1 thoroughbred a year.

Another one of our endeavors has been to work with the Campbell County Agriculture Program by having high school students in the Ag program work and learn about the care, maintenance, expense, and joy associated with horses. As in past years, these young ladies will be doing most of the work on tour day. We will be showing a 15 to 20-minute on-ground training demonstration at 11:00 and 1:00 with both young and seasoned horses.
