SCHOOL CONSERVATION GRANTS AVAILABLE

The Campbell County Conservation District is offering grants to assist schools to foster the learning of conservation and our environment. These grants are named “The Campbell County Conservation District Mary Kathryn Dickerson Education Grants” in memory of Ms. Dickerson. She served as District Coordinator for the Boone, Campbell, and Kenton County Conservation Districts and was renowned in environmental education. The district anticipates funding several grants, from \$200 to \$1,000 each.

Grant funds may be used for a variety of projects and materials including:

- materials to enhance an outdoor learning area;
- trees, perennial plants, and seeds when directly related to a program of conservation study (native plants preferred);
- developing trails and trail guidebooks;
- conservation-related library materials;
- reference books;
- water monitoring equipment;
- soils testing equipment.

Applications must be emailed, postmarked, or delivered to the conservation district office no later than **Friday, January 15, 2021.**
