**Our Prayer Focus:**

It is reported that numbers of people in Iran have been coming to Christ. However, it is hard to have a reliable count because if someone converts from Islam to Christianity, they can be killed. The people of Iran have lived under a harsh dictatorship for decades. Today we pray for all who are in harm's way from the conflict, but we especially want to focus on the civilians in Iran who have lived under great oppression for most of their lives.
