Apple trees are culti-  
vated worldwide and  
perhaps the earliest  
tree to be cultivated.  
It originated in Cen-  
tral Asia, where its  
wild ancestor, Ma-  
lus sieversii, is still  
found today. Apples  
have been grown for  
thousands of years  
in Asia and Europe,  
and were brought to  
North America by  
European colonists.

salt and black pepper, to taste  
1 cup heavy cream/half n half  
handful of chopped fresh chives
