SPOT THE DIFFERENCES

Hmmm, the photocopier that Whit built out of old parts is changing the picture! But he can't fix it until he can see what's wrong. Do you see the 7 differences?

COLOUR BY NUMBERS

Create your own masterpiece!

Grab your crayons, pencil crayons or markers, and follow the legend to know which number is which colour.

1 = yellow

2 = orange

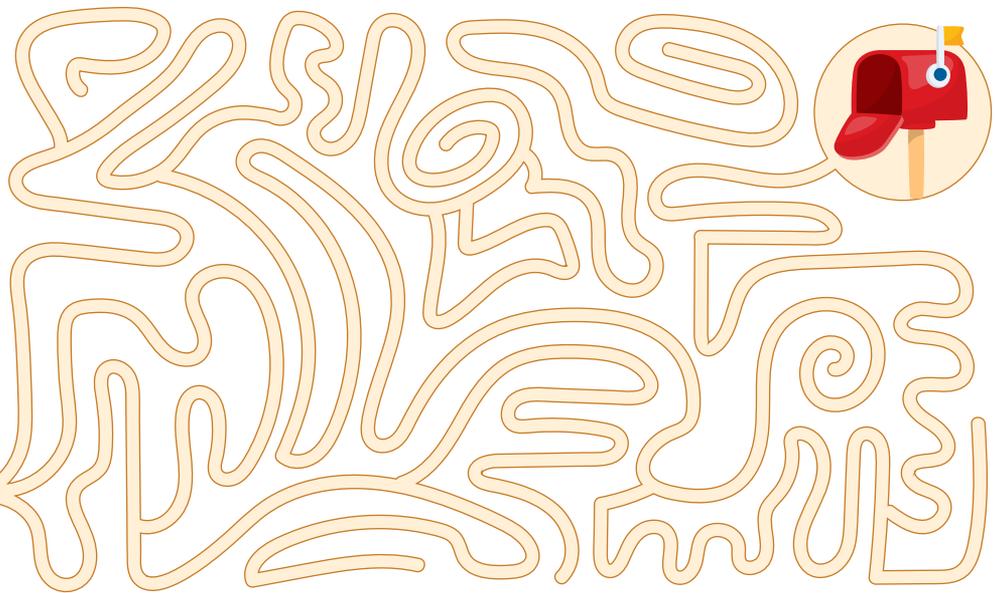

3 = blue

4 = red

5 = purple

MAZE

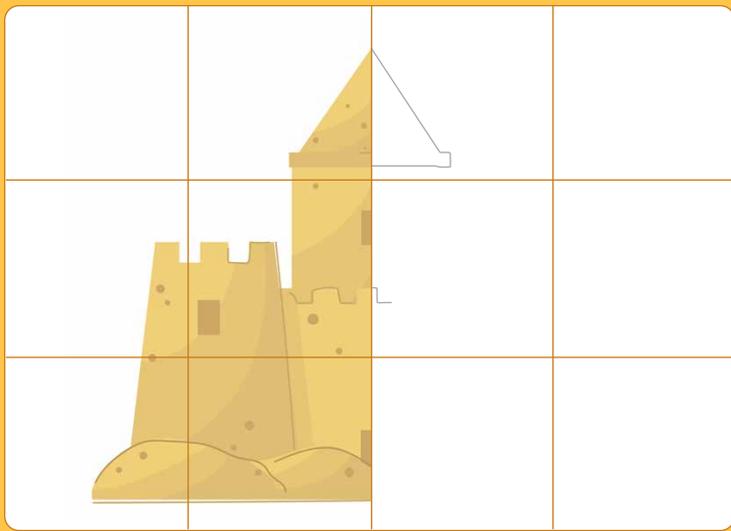

Wooton Bassett has mail he needs to deliver right away! Can you help him on his postal route?

Hint: Sometimes it's easier to start from the "ending" and go back to "start."

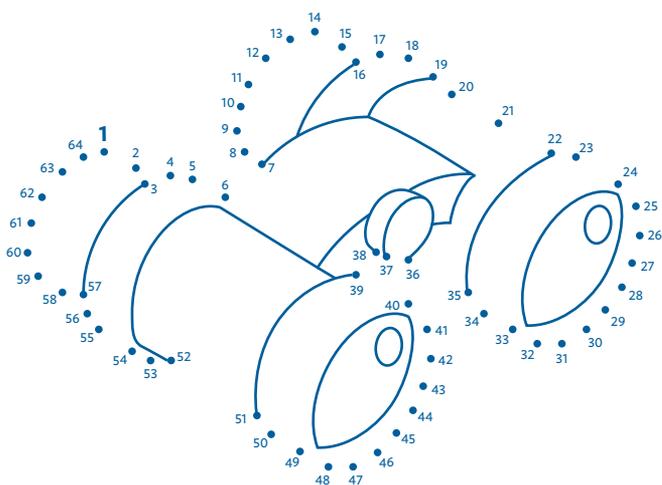

COMPLETE THE PICTURE

Practise your drawing skills by finishing the other half of this sand castle. If it's a little different, that's okay! Asymmetry is a beautiful part of God's creation.

CONNECT THE DOTS

Sometimes it's hard to see what's right in front of us, until we take one step at a time. Before we know it, the picture is clear! Connect the dots to see what's going on.

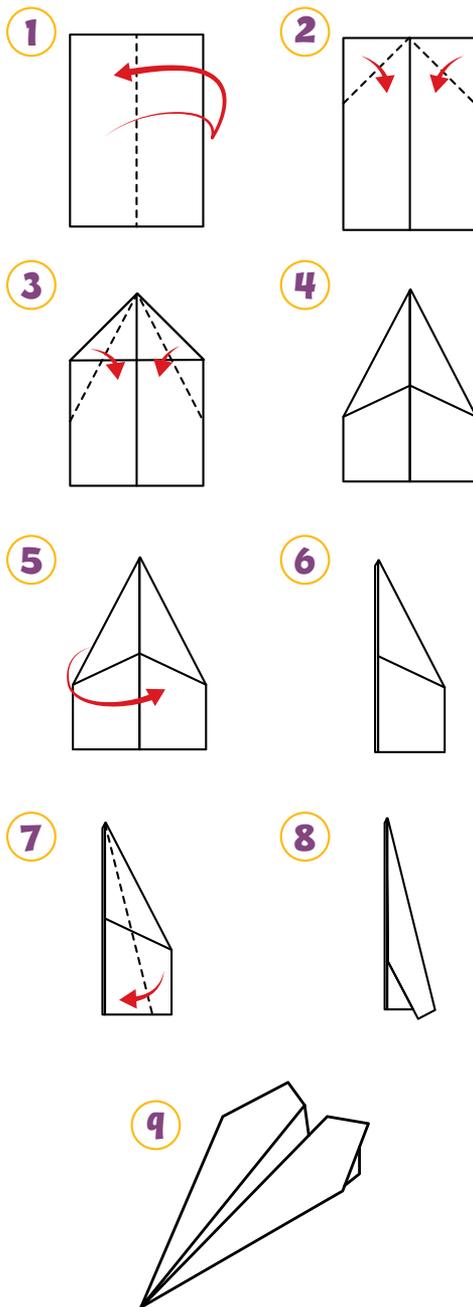

PAPER AIRPLANES

Never folded a paper airplane before?

Take a piece of paper and try this simple version, then see how far you can fly!

SCRIPTURE SCRAMBLE

The words in these Bible verses are all mixed up! Can you unscramble them?

“This is the **DAY**

made; let us

REJOICE

and be
glad in it.”

PSALM 118:24 ESV
