    - The garden really took a hit after that big windstorm! We had umbrellas stuck in the gates & items that had flown everywhere! We even had to do a little siding repair at the coop. We spent a long day cleaning out & sprucing. While in the garden, we were able to reseed & water the beds, move the compost piles, & prune the salvia & lionheart near the parking lot dumpster. In preparing for the upcoming storms, we have brought down all of the umbrellas & are looking forward to a nice big drink for our grounds and landscape!
