

Mathematics and Statistics Awareness Month

Professional Learning

Arizona Department of Education & First In Math April Love Math Challenge 2025

We're thrilled to guide you through mastering the First In Math program and elevating your students' learning experience.

These interactive sessions are perfect for educators, administrators, and anyone passionate about enhancing math education in fun and effective ways.

April 1 @ 4:15pm-4:45pm

Using Statistics to Celebrate that Special Day

Happy Birthday! In this session, we'll explore the birthdays of famous celebrities while collecting and analyzing data. We'll fit a function to the data and use it to solve problems in context. Get ready to participate and engage actively!

April 16 @ 4:30-5:30pm
