These are just a few suggestions but I am also happy to marry you at a different location of your choosing. I will travel just about anywhere in the Pacific Northwest. Tell me your desired ceremony date/time and location address when you call for an officiant rate quote or to check availability 360-280-0888. Officiant rates listed here are examples and your individual quote may be higher depending on location, travel distance, and if any amount of hiking, off-road driving, or other obstacles involved to reach the desired ceremony location, etc. A Discovery Pass/entry fee is required for state parks. A special permit may be required for large wedding parties in state parks or at business venues. You are responsible for obtaining marriage licenses, witnesses, and any necessary passes or permits. Please confirm rules and hours of operation with your desired location. Pay attention to weather and tides for beach weddings and to the sunrise/sunset times for day-use parks and rainforest weddings.

**DID YOU KNOW** your Washington marriage license is valid ANYWHERE within Washington State?

After the mandatory 3-day waiting period, it is valid for 60 days from date of issue.
