Latto Food and Drink Co., Ltd. – the manufacturer of Fruit Enzymes Crispy Jelly in Thailand under **JIAI brand**.

We believe that paying attention to "creating balance" in the body is the small beginning of "self-love." That's why we named our brand JIAI, which means self-love. It represents the "inner reflection" of people who love themselves. The price to pay is the "love" we give to ourselves.

This belief inspired us to create our product: **JIAI Enzymes Crispy Jelly**.

RECOMMENDED DOSAGE

2 pieces per meal. Consume before or with meal.

INGREDIENTS

Sugar 47%, Fruit Juice (Pineapple, Strawberry, Green Apple) 28%, Inulin (Prebiotic) 6%, Papain, Bromelain, Protease (Proteolytic Enzymes), Lipase, Amylase, E406, E330

STORAGE

Store in a dry and cool place below 40 °C.
Keep away from sunlight.

WARNING:

If opened, it should be closed tightly. Consume it within 7 days. May cause allergic reactions in people who are allergic to pineapple and papaya.

Did you know?

Bloating, acid reflux, indigestion, and irregular bowel movements are common issues that increase with age. One cause is the natural decline in digestive enzymes, which help break down carbohydrates, proteins, and fats.

JIAI ENZYMES CRISPY JELLY was specially developed to support a healthy digestive system. It contains natural enzymes, prebiotics, and fruit-based ingredients to enhance digestion effectively and naturally.

"Convenient, delicious, and good for your health – all in one!"
