## BIO PAGE:

As a Bay Area native and resident, DJ Nikko has well over 8 years of experience ranging from corporate events to major Vegas nightclubs. His passion for music, world travel, and always seeking new inspiration has shaped him into the well-round DJ that can rock any crowd with a style and energy all his own.

Coming up in the diverse Bay Area, Nikko quickly learned how to adapt to a wide range of crowds and tastes- an essential trait for any open-format DJ. Becoming more serious about his craft he later moved to Las Vegas to pursue DJing as a full-time career. It was here that he polished his skills, learned from the best, and was able to take advantage of golden opportunities that would have otherwise not been possible. He earned his way into top hotspots like XS, Tryst, and Tao, and also joined Vegas' premier DJ agency Blueprint Sound LV. Now Building his own his own brand looks to expand and grow with other companies.

Outside of the big rooms and big clubs, Nikko caught the ear of companies such as Avis, HP, Adobe, and Lyft to DJ their corporate events. He's also performed alongside top-selling hip-hop artist G-Eazy, GUNNA, NAV AND MANY MORE.

Despite his success Nikko is constantly fine-tuning his craft and gaining knowledge & experience from the world around him. He is a truly well-rounded DJ who has proven his ability to handle events of all calibers.
