

WE ARE STRONGER TOGETHER!

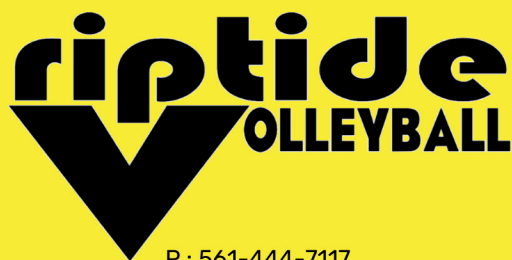

WHY RIPTIDE?

Riptide sets itself apart through its inclusive performance training, year-round programs, and a proven history of nurturing elite volleyball athletes. Their goal is to uphold Deerfield Beach's esteemed status while also branching out to our new elite facility in West Boca this season. The focus remains on fostering positivity, dedication, and enjoyment in the pursuit of success, while promoting values of sportsmanship and teamwork.

MAKING A TEAM

Typically, each team consists of 10 to 14 players. An athlete may be invited to join multiple teams to ensure sufficient playtime during the season. We understand that you are investing in the club experience to participate in tournaments. By attending practices and putting in your best effort, you won't be on the bench. Once chosen, a player will receive an offer to join a team and will need to sign a contract committing to the club for the season. This contract also outlines the fee structure and Riptide's rules.

WHAT DO WE OFFER?

We offer both travel club and developmental programs for indoor volleyball.

DEVELOPMENTAL CLUB

- This program is designed for children who are exploring volleyball as their sport of choice.
- The season spans 12 months with a commitment on a month-to-month basis.
- Club fees amount to \$275 per month, covering two indoor practices weekly and scrimmages.

For an additional \$100/month unlimited beach is included.

TRAVEL CLUB

- Team indoor practices are mandatory two times a week, accompanied by a weekly conditioning session and scheduled vision training. Tournaments are set for 1-2 weekends a month starting in Dec/Jan. Practices are optional during the school volleyball season and summer.
- Players can opt for evening beach and grass volleyball training sessions daily, all year round.
- Club fees total \$5,000, inclusive of a basic uniform package, shoes, and unlimited beach membership, tournaments, and team building.
- Consistent practice commitment is vital for improvement.
- Any absence from practice must be communicated to the coaches in advance and could affect playing time.
