TOGETHER!**

## WHY RIPTIDE?

Riptide distinguishes itself with inclusive performance training and year-round programs that develop elite volleyball athletes. The organization maintains high standards at its Deerfield Beach and West Boca facilities, while introducing a new training facility in Lake Worth for private and small group sessions. The emphasis is on positivity, dedication, enjoyment, and promoting sportsmanship and teamwork.

## **DIFFERENCES MATTER...**

- Our club offers over 520 hours of training each season, significantly more than the 92 to 100 hours provided by other clubs.
- We operate a 12-month season rather than the typical 7-month season, offering extended training opportunities.
- There are no hidden fees or added costs; uniform packages, campouts, pool parties, and more are included in the membership.
- We do not employ parent coaches seeking discounts, ensuring professional coaching.
- Practices are held five days a week, with no sessions scheduled on weekends.
- Beach training is included in our program.

## **WHAT DO WE OFFER?**

We offer both developmental and travel club programs for indoor volleyball.

### **DEVELOPMENTAL CLUB**

- The program is for children new to volleyball.
- It runs for 12 months with month-to-month commitments.
- Club fees are \$275/month, including two weekly indoor practices and scrimmages.
- An extra \$100/month offers unlimited beach access.

### **TRAVEL CLUB**

- Team indoor practices are mandatory twice a week, with an additional weekly conditioning session and scheduled vision training. Tournaments occur on 1-2 weekends each month, starting in December or January. Practices are optional during the school volleyball season and summer.
- Players have the option to participate in evening beach and grass volleyball training sessions every day, throughout the year.
- The club fees amount to \$5,000 and include a uniform package including shoes, unlimited beach membership, tournament participation, and team building activities.
- Consistent attendance at practices is crucial for improvement.
- Any absences from practice must be communicated to the coaches in advance, as they may impact playing time.
