ABOUT US :

Indian Goods Export has established itself as a beacon of quality and reliability in the fresh produce export industry. Over the past three years, our company has grown from a vision of delivering the finest agricultural products from India to the global market into a trusted name known for its commitment to excellence and customer satisfaction. Our journey has been one of dedication, innovation, and an unwavering focus on quality, ensuring that we consistently meet and exceed the expectations of our clients worldwide.

Our mission is to provide fresh, high-quality agricultural products that promote health and well-being. We believe in sustainable and ethical sourcing practices, partnering with local farmers who share our values. This approach not only ensures the freshness and quality of our produce but also supports the communities we work with and contributes to a more sustainable future.

OUR PRODUCTS :

Pulses

1. Mung Beans (Moong Dal)

- Our high-quality mung beans are known for their rich protein content and versatility. Used in a variety of traditional dishes, they are perfect for both culinary and nutritional purposes.

2. Pigeon Peas (Toor Dal)

- Pigeon peas, or toor dal, are a staple in Indian kitchens, loved for their flavor and high protein content. Ideal for making dal and other savory dishes.

3. Split Chickpeas (Chana Dal)

- Split chickpeas are a popular ingredient in many Indian recipes. Chana dal is valued for its nutty flavor and nutritional benefits, including being a good source of fiber and protein.

4. Black Gram (Urad Dal)

- Black gram, or urad dal, is essential in Indian cuisine, especially in making dosa, idli, and vada. It offers a rich taste and is packed with nutrients.

5. Red Lentils (Masoor Dal)

- Red lentils, or masoor dal, are quick to cook and are a nutritious addition to any meal. They are excellent for soups, stews, and dal preparations.

QUALITY ASSURANCE :

Quality is at the heart of everything we do. We understand the importance of providing fresh, high-quality produce to our clients, and we take this responsibility very seriously. Our quality control processes are designed to ensure that every product we export meets the highest standards of safety, freshness, and taste. From sourcing to processing and packaging, our products undergo rigorous quality checks to maintain their superior quality. Our advanced packaging techniques preserve the freshness and nutritional value of our produce during transit, ensuring that our products arrive in perfect condition.

SUSTAINABLE PRACTICES :

At Indian Goods Export we believe in sustainable and ethical sourcing. We partner with local farmers who use eco-friendly farming practices, minimizing the use of chemical fertilizers and pesticides. This ensures that our produce is not only fresh and nutritious but also grown in an environmentally responsible manner. By supporting sustainable farming, we contribute to the well-being of our communities and the environment.
