

29<sup>th</sup> IC4A Indoor Championships  
Madison Square Garden, New York, NY  
February 25, 1950

New York, Feb. 25--Runners had their day with three new records and a fourth mark equalled in a wildly finishing IC4A championship that saw Michigan State barely defending its title.

Charley Moore, Bill Mack and Dick Church were responsible for the new standards and Andy Stanfield for the tied mark as only Phil Higgen of all the flat race winners failed to put his name in the record book.

Moore, the Cornell junior, took two-tenths off Jim Herbert's meet record with a lill clocking in a 600 heat and then came back to win the final in 1:12.2. The mile mark fell to the easy running Mack who carried Michigan State's colors across the finish line in 4:11 while Church of Syracuse provided one of the biggest surprises of the evening with a smashing 9:07.2 in the two mile.

Michigan State compiled 21 points for its team victory but going into the final event it looked as if Manhattan would be the upset victor. The Jaspers were favored in the mile relay and needed only a third to sew up the title.

But their hopes were dashed when Bill Kent, who was leading off, spilled on the first lap and the quartet wound up fifth. As a result, Manhattan finished third with 19½ points, trailing second place Seton Hall with 20, and just ahead of Yale, with 19.1.

Added to the thrills provided by the college thirdeads was a fast two-mile turned in by Fred Wilt in a special event.

The veteran ran the legs off five high class competitors for his best winning time, 8:55.2. John Barry was the only one who stayed close, finishing 15 yards back as Curtis Mcne, whose recent 8:55.1 is, with the exception of Greg Rice's efforts, the fastest winning time by an American, wound up fifth. Horace Ashenfelter, who lost his IC4A standard of 9:14.5 to Church, was third with John Twomey fourth.

Mack shaved an even second from Leslie MacMithell's 1940 mark and looked to be good for at least another second faster if he hadn't breezed the last lap, repeatedly looking back over his shoulder. The 22-year-old senior was saving himself for the two-mile but as it turned out he didn't run in it. Pennsylvania's Tom Kirwan was a fast second, some 10 yards back, while George Wade, the defending titlist, dropped out with two laps left.

The two-mile was a fast, rugged battle until the gun lap when Church moved away from a tying up Dick Shea of Army. The cadet struggled around the final circuit but was good enough to finish in 9:10.2, well under the old record.

Moore's 600 victory was achieved with a foot to spare and his principal victim was Hugo Maiocco, the AAU champ. Maiocco led into the last lap but was then caught napping by

Moore and failed to make it all up in a homestretch drive.

Left sitting at the gun, Stanfield had to come from behind to turn in his record tying 6.2 in the 60. Joe Cianciabella was off ahead of the other finalists but Seton Hall's new world's fastest human made it up for a clear victory.

Stanfield also turned in his best ever broad jump, a 24-5 3/8 leap which placed second to Fred Johnson of Michigan State who hit 24-8 3/4 to retain his title. Joining Stanfield and Johnson in retention of individual championships were Jim Fuchs, whose 56-3 3/8 shot put won by nearly three feet but fell short of Al Blozis' meet record, and Thigpen, who took the 1000 in a slow 2:15.2, winning by two yards from Browning Ross.

Penn State won a pair of victories when Jim Gehrdes coped the high hurdles in 7.3 and new star Victor Fritts cleared 6-4 1/2 to win the high jump. Gilbert Borjeson of Brown, with a 56-7 5/8 mark in the weight, and Yale's Neil King and Army's Richard Baster with a 13-6 tie in the pole vault, rounded out the individual winners.

In a special 600 yard handicap, Frank Fox ran 1:11.7 to defeat Reggie Pearman with both men starting from scratch.

New York, Feb. 25 (AP).—Charles H. Moore, jr., of Cornell broke an intercollegiate A.A.U. indoor record of ten years standing tonight when he reeled off his 600-yard qualifying heat in the sensational time of 1:11.0.

The former mark was 1:11.2 set by James B. Herbert of New York University in 1940. Moore finished 25 yards ahead of Edward McCardle of Seton Hall. The indoor world record is 1:10.2.

Moore's chief rivals for the final in Madison Square Garden appeared to be Harry Bright of Seton Hall, who did 1:11.9, and Jack Diannetti of Michigan State, a heat winner in 1:12.1.

Jim Gehrdes of Penn State won the 60-yard high hurdles in a driving finish with Horace Smith of Michigan State. The time was :07.3.

Jim Fuchs of Yale retained the 16-pound shot championship, as expected, but he failed narrowly to set a new meet record. His best

effort was a might 56 feet  $3\frac{3}{8}$  inches, just under the 56-6 mark made by Al Blozis of Georgetown.

Big Jim Fuchs of Yale led the qualifiers in the hot put with 55 feet  $8\frac{3}{8}$  inches, more than two feet ahead of Stanley Lampert of New York University. Frank Efinger of Yale surprised by making the best time in the 1000-yard time trials, 2:13.9. Henry Stoltman of Yale made the next best time, two-tenths of a second slower.

Fred Johnson of Michigan State led broad jump qualifiers with 24 feet  $4\frac{1}{4}$  inches.

Georgetown, Villanova, New York University, Syracuse, Manhattan and Army qualified for the final 2-mile relay race, with Syracuse making the best time of the two heats, 7:52.2.

In the mile relay the qualifiers were Manhattan, Princeton, Seton Hall, Colgate, Villanova and Army, and Villanova's 3:23.0 was best.

Andrew Stanfield of Seton Hall retained his 60-yard championship defeating Joe Cianciabella of Manhattan by 2 feet in :06.2, again tying the meet record.
