FIELD EVENTS

NOTE:—In the Pole Vault and High Jump a new kind of standard will be used. Instead of the old pegs supporting the cross bar, supports will be provided at the top of the standards which are 11-2 inches wide and 23-8 inches deep. It will be seen that with the new standard a very slight touch will be sufficient to dislodge the cross bar.

Event No. 13 RUNNING BROAD JUMP

Each competitor allowed 6 trials in series of 2 trials each, but two competitors alternate in taking one jump each for their two trials. The length of the run is unlimited. The take-off is a black band painted on the runway. The edge toward the pit is the scratch line. Measurements are made at right angles from this line to the nearest break in the ground made by any part of the jumper's body. In making the jump no part of the jumper's shoe or foot shall touch the "ground" in front of or project over the scratch line. Crossing the line is a jump, crossing the balk line—6 feet in front of the scratch line without jumping is a balk; two successive balks count as a jump.

Indoor Intercollegiate record, 23 feet 11-8 inches, made by William A. Dowding, Georgetown, March 7, 1925. Outdoor Intercollegiate record, 24 feet 8 inches, made by William A. Comins, Yale, at Cambridge, May 31, 1924.

The judge shall determine the height, but may waive a trial at any height. Leaving the bar has three trials at each height, but may waive a trial at any height. Leaving the bar without vaulting is a trial. Crossing the balk line—15 feet in front of the stop-board—without jumping is a trial. Two successive balks count as a trial. A competitor may not move his upper hand up the pole, nor climb the pole. The take-off is a wooden box sunk level with the ground.

RUNNING HIGH JUMP

The judge shall determine the height at which the bar shall be placed. Each competitor has three trials at each height in his turn, but he may waive a trial at any height. A competitor may not dive or somersault. In crossing the bar if the feet do not precede the head the head must not be below the buttocks, as and when the buttocks cross the bar. Stepping over the balk line—3 feet in front of the bar—without jumping is a trial. Two successive balks count as a trial. No weights or grips may be used.
