## Championships

The ECAC administers nearly 100 preseason and postseason events for 37 men's and women's sports, nine affiliate organizations and seven playing leagues.

## Officiating

The ECAC assigns officials in 12 sports in Division I, II and III, including baseball, men's and women's basketball, fencing, field hockey, football, men's gymnastics, men's and women's ice hockey, men's and women's soccer, softball and wrestling. The bureaus assign for both conference and NCAA championships and totaled over 46,000 assignments using more than 5,200 officials last year.

## Communications

The ECAC publicizes the achievements of its member institution's student-athletes through weekly and postseason awards. Annually, the publicity bureau recognizes more than 4,000 student-athletes from Division I, II and III member institutions.

## Marketing

The ECAC Corporate Partner Program is dedicated to developing relationships with commercial entities that are committed to the mission of the ECAC, support the ideals of intercollegiate athletics and value the pursuit of excellence on and off the field of play. Offering a wide range of opportunities, the ECAC partners with international, national and regional brands to create added-value for its membership and to provide quality championship experiences for its student-athletes.

The ECAC® is the nation's largest athletic conference with 321 Divisions I, II, and III colleges and universities from Maine to North Carolina. Since its foundation 70 years ago, the ECAC has emerged as the nationwide leader in service. The headquarters, the Asa S. Bushnell Center, is located in Centerville, Massachusetts on Cape Cod. A non-profit service organization, the ECAC was founded as the Central Office for Eastern Intercollegiate Athletics with 58 charter members. In 1983, one of the most significant events in ECAC history occurred as the Eastern Association of Intercollegiate Athletics for Women (EAIW) was consolidated into the ECAC. Through the years the ECAC has been a leader both regionally, and nationally.

In October of 2004, the conference established an aggressive initiative to recruit, educate and train officials with the focus on increasing the number of women and minority sports officials. This initiative is partially being funded through a grant from the National Collegiate Athletic Association (NCAA).

The ECAC maintains two primary websites - one dealing with administrative issues, and another that serves as a fan-friendly site for news and results from all athletic events.

The ECAC owns the nation's leading online officiating system which is a password-protected extranet that allows real-time access to its membership and officials as changes occur to their schedules. The ECAC is also on the forefront of other Web-based technology including the officiating payment service (OPS). This enables the ECAC to pay the game officials on behalf of a member institution. Launched in 2002 in response to the expressed needs of the membership, the ECAC successfully processed more than 6,000 officiating payments last academic year.

The prestigious Asa S. Bushnell internship offers students from ECAC institutions hands-on experience in all areas of operation of the only multi-divisional conference in the country. The 2007-08 interns are Tristan Durgin (University of New England), Chad Dwyer (Stonehill College), and Michael Marfione (Ithaca College).

Dear Cross Country Fans,

As the Eastern College Athletic Conference commences its 70th year, I am proud of the commitment the conference has made to the Intercollegiate Association of Amateur Athletes of America (IC4A) and to the sport of cross country. Our partnership with the IC4A, the oldest and most prestigious collegiate cross country and track & field organization in the United States, has afforded both organizations increased opportunities and enhanced experiences for our student-athletes. Host of championships for 130 years, the IC4A is dedicated to promoting and developing the growth of cross country. Together, we continue to seek new ways to fulfill the ECAC mission of initiating, stimulating and improving intercollegiate athletics programs. I take pride in our association, the progress we have made and the direction we are heading.

I salute the former ECAC and IC4A student-athletes who have distinguished themselves in past competitions, and those who will strive for excellence this weekend.

Enjoy the event.
