THE INDOOR TRACK AND FIELD CHAMPIONSHIPS

From almost the earliest days of the I. C. A. A. A. A., there have been indoor track and field meets held by members of the Association in the City of New York, and to these meets athletes from the various universities and colleges came in goodly numbers and provided keen competition.

Commencing with the late nineties and continuing thereafter for many years, Columbia University as a member of the I. C. A. A. A. A. held in the Old Madison Square Garden an Annual Indoor Track and Field Meeting, and to this more than to any indoor meeting of that time there came the athletes from the various members of the Association. After these meetings it was the custom to have, either in one of the assembly rooms of the old Garden, or at the Columbia University Club which was then at Gramercy Park, social gatherings of the competitors and their friends and these get-together meetings were indeed enjoyable and convivial gatherings of the champions and also fans of the years past, as well as of the competitors of the day.

In 1915 the I. C. A. A. A. A. felt that it would be advisable if this meet instead of being held by a member of the Association were held directly and with the authority of the Association itself. At that time it was considered desirable to discourage the indoor meet being, either championship in character, or held with the end in view of giving an opportunity to the teams of the various universities to show individual rivalry or of competing on a basis of team superiority.

The competitors were by groups and as then stated in the Constitution of the Association the meeting was "for the purpose of bringing together the athletes and their supporters in an athletic and social gathering."

The tokens given were miniature copies of the emblem of the Association, the Borghese Gladiator, and it was thought by many that the proper note had been struck for competition at this time of year when athletes were supposed to have been more in process of training than to have reached the high point of their proficiency.

These carnivals were held during the years 1915-21. Unfortunately their success was not so great as contemplated, and apparently were too idealistic for both competitors and spectators, a conclusion which became doubly apparent through the success of other indoor meets where so-called individual championships were competed in.

The result was that in 1922 the I. C. A. A. A. A. concluded to change its indoor meet from that of a gathering of groups to a stated championship, but to the end that opportunity might be given for the competing of those who might not be individually of the same high class as the Outdoor Intercollegiate Championship the events were set down to be largely of a relay character, thereby affording an opportunity for team supremacy though be it that at least one member of such team might not be of championship calibre. This indoor championship meet met with immediate favor and is now the indoor classic of intercollegiate competition.

EVENT NO. 13

Running Broad Jump

Each competitor allowed 6 trials in series of 2 trials each, but two competitors alternate in taking one jump each for their two trials. The length of the run is unlimited. The take-off is a black band painted on the runway. The edge toward the pit is the scratch line. Measurements are made at right angles from this line to the nearest break in the ground made by any part of the jumper's body. In making the jump no part of the jumper's shoe or foot shall touch the "ground" in front of or project over the scratch line. 'Crossing the line is a jump.

Indoor Intercollegiate record, 23 feet 11-8 inches, made by William A. Dowding, Georgetown, March 7, 1925. Outdoor Intercollegiate record, 24 feet in 3-8 inches, made by Alfred H. Bates, Penn State, Cambridge, May 25, 1928.

Running High Jump

The judge shall determine the height at which the bar shall be placed. Each competitor has three trials at each height in his turn, but he may waive a trial at any height. A competitor may not dive nor somersault. In crossing the bar if the feet do not precede the head the head must not be below the buttocks, as and when the head crosses the bar. Making a spring to jump or passing under the bar is a trial.

No weights or grips may be used.
