

Every person who has come and served at the DCI Mayan Yucatán Missions Base all make this statement, "What has contributed most to the success of DCI, is the outstanding staff."

DCI's Gifted Staff

- Moises Balam has been a part of DCI for more than 26 years. He has shown such loyalty, integrity and has exceptional management skills.
- Jesue Cordero (age 28) basically grew up around us. He started 12 years ago as a volunteer and showed exceptional multitasking skills and displayed problem solving qualities while conducting projects. In 2017, he was made assistant director. He truly has become a spiritual son to us.
- Natalie Hamilton Cordero from New Port Richey, Florida joined the staff full time at the beginning of 2020. She went through one year of internship and it's tough (At DCI). We consider internship training much like boot camp, and yet she endured it with exceptional qualities. Natalie has become vital to the future of this ministry. She shows qualities within the office and out in the field that are above her age of 22. In 2020, she was married to Jesue.
- Karla Ruz has worked for two years part-time at DCI. Recently her husband left her and her children homeless. DCI gave her family an apartment to live in. She is such an addition to the ministry.

To keep the staff and operations going during the coronavirus the minimum is \$2200 monthly.

At the time of this report, there has been no corona virus found in the area where the DCI mission base is located.

However, with the panic of North America, understandably many teams have cancelled. The entire staff's salaries are dependent on the short term missions teams' support. We simply need a miracle to make it through 2020/2021. Unfortunately, DCI has no reserves. Will you pray for the staff? We have enough funds until June 8th (This will be updated regularly). There have been so many that come on short term mission trips who have fallen in love with our staff. We are praying for monthly partners. Will you say yes, to making DCI a part of your monthly giving? At the bottom of this page, through PayPal, your partnership will give faith to the DCI team and it will give the resources to reach people with the love of Jesus.
