

To whom it may concern,

My name is Victor Barnette and I'm the Marketing Manager for Brown Bottling Group here in Brandon, Mississippi. Prior to this position, I was the Production Director for New South Radio in Ridgeland. During that time, Kathryn "Kat" was one of my interns that I supervised. What was great about Kat was that she was always on time and more importantly, she brought with her an energy that was so positive and so lively that we could not wait for her to come in. We loved having her input on projects that we were working on because it added creativity! Kat, by far, was one of our favorite interns (if not the best). Every year, New South Radio gave away a scholarship to a college student who wanted to pursue Communications. I recommended that she be the recipient, and indeed she was.

If you're looking for a new addition to your team, I'm going to tell you that your search has ended! Kat is not only great at following directions, but she understood the importance of those directions and that made it easier for me to supervise her. If you'd rather hear these words and more, then give me a call and I will talk for hours about how beneficial Kat was to my team and how she will be to yours! Have a blessed day!

Sincerely,

Victor Barnette
