To Whom It May Concern,

It is my pleasure to write you in support of Ms. Kathryn Tate. Though many students ask me to write letters on their behalf, I only recommend students whom I feel are outstanding and dedicated to their professional pursuits. Ms. Tate is one of those students and therefore, I highly recommend that she be given the opportunity to contribute to your program.

As an Instructor of Communication at Mississippi College, I work with many motivated students who show much promise. Kat was always motivated and motivated others as a natural leader. She consistently showed a strong desire to learn, to be involved in activities and to contribute to the department. Her charismatic personality and desire to encourage others will make her an asset to any business or organization.

I had the pleasure of watching Ms. Tate grow as she carved her place in our department. I was most impressed with her talent and perseverance. Having taught Kat in a number of classes, I believe that she did an outstanding job of grasping the concepts and skills taught as a part of our curriculum.

I have also known Kat for four years through working with her in theatrical productions, and through our theatre honor society. She starred in several shows in our department and always maintained a very professional relationship with her peers while doing so. I have watched her grow into a very responsible and caring young person. Her skills go on from acting to directing. The "one act play" that she directed will long be remembered as one of the best this campus has ever seen. She served as director, producer, light and sound director ... you name it, she did it and did it with class. She served as President of our National Theatre Honor Society chapter for the past three years.

Ms. Tate has certainly impressed me with her dedication to her pursuits. I feel sure you will find her to be a young woman whose talents will only shine further and continue to grow in your program. It is my sincere hope that you will consider her skills and accomplishments and give her an opportunity to be a part of your organization. Feel free to contact me at 601.954.3395 if you require further information.

Sincerely,

Sandra E. Grayson
