

We are on the hunt to find sponsors for the seven therapy horses that call Mended Hearts home.

Mended Hearts Equine Therapeutic Center is a 501 (c)(3) non-profit organization founded in October of 2001. We are the only mental health facility in Central Illinois to offer equine and animal-assisted therapy to treat issues like anxiety, depression, PTSD, eating disorders, grief, and more. Nearly half of our clients are under the age of 18; almost 30% are children in the foster care system as a result of abuse; and more than 20% of our clients receive financial assistance via reduced fees or pro bono treatment.

Each horse needs, on average, \$6,000 - \$7,000 worth of food, maintenance, and medical care for one year. You or your business can help us continue to provide unique and lifesaving care for those in our community by sponsoring a horse or other therapy animal.
