Sharon Knaup, Asst.

BOARD MEMBERS
Don Badger
Jan Duffy
Marlys Enger
Ella Geardink
Alan Glass
Robert Johnson
George Suddendorf

MEMBERSHIP

Annual membership dues for Cedar Lake Conservation Club are \$15.00 per year, per family. (\$8 General Fund \$7 for special fund to help finance control of Eurasian Milfoil, if it should come to Cedar Lake). The Milfoil fund is in a special account designated for the use on Cedar Lake only.

If you are not presently a member of the Club, please join. Your input is needed! Also, ask your neighbor to join.

Membership for 1998 is due now! Make your check payable to: Cedar Lake Conservation Club and mail it to:

Bill Pallies
8773 Ingram Av NW
Annandale MN 55302

Enclosed is my dues for membership:

1998 FISHING CONTEST RULES

Contest begins May 9

You must show your 1997 paid dues card.

Bring your entry to Ella Geardink at the Resort on the north end of the lake. (Next to Wright County Park) **NO FROZEN FISH ALLOWED!**

Eligible members includes: Member of the Conservation Club
Property owners
Son, daughter, son-in-law, daughter-in-law
Grandchildren under age 18
* * * * *

Peter Cook, Treasurer resigned. Pete turned in his books due to health reasons. Bill Pallies will be our Acting Treasurer. Bill lives on the north end of Cedar Lake.

Peter will be missed. We all wish you well.
* * * * *

By Law Committee: Jan Duffy, Jan Altman, Marlys Enger and Bob Olson recommend the following amendments:

Article IV Sec. 9

Signatures of either the Treasurer or President will be required on all checks.

Article VI Sec. 2

The Board of Directors shall consist of not more than twelve members, elected annually by the voting members at the annual meeting. Three new Board Members shall be elected each year and will serve for a term of 4 years. No director may be re-elected to the board until having been off the board for at least one year, unless appointed by the board, except in the case of the president who must serve on the board one full year after completing his/her term as president.

Article VII Sec. 4

Nominations will be accepted in writing for board members no later than 2 weeks prior to the annual meeting.

These Amendments will be read at the Spring Get Together on May 22. It will be held at the American Legion in Maple Lake.

CEDAR LAKE HAS BEEN CHOSEN AS ONE OF THE SIX LAKES IN MINNESOTA TO PARTICIPATE IN THE 1998 LAKE ASSESSMENT PROGRAM (LAP)

The following is a general work plan for this cooperative program. General work tasks and the group responsible for implementing the work tasks are briefly identified in this outline. Group abbreviations are: MN Pollution Control Agency MPCA; Lake Association or Local Unit (LA); Soil and Water conservation District (SWCD) and Dept. of Natural Resources (DNR). This work plan may be adjusted according to MPCA and LA needs capabilities.

I. Citizen Lake Monitoring Program (participation is required)(LA)
-Weekly measures June to September at 1-2 stations.

II. Water chemistry analysis including nutrients, chlorophyll a, solid pH, and color, plus a depth profile of oxygen and temperature.
-Sample collection 1-2 stations 4-5 times/year (MPCA and LA).
-Sample analysis (MPCA).
-Data entry into STORET (MPCA)

III. Lake/Watershed Analysis
-Determine lake morphometric variables (MPCA)
-Define watershed (map)(LA assisted by SWCD or MPCA).
-Identify all tributaries (in/out), storm sewers, agricultural tiles, etc., to the lake and map (LA).
-Estimate land use composition in watershed (seek assistance SWCD)
-Summary of fisheries and lake level measurements (DNR).
-Assess number of homes around lake noting status (year round or seasonal) and waste disposal system (conduct septic system survey) (LA).
-Compile a history of lake and watershed (LA).

IV. Reporting

A report will be drafted for each lake by the MPCA with assistance from study cooperators. This report will not serve as a diagnostic - feasibility study (e.g., Clean Water Partnership Phase I) for the lake, but will provide basic information regarding the lake and its watershed. The following items will be included in this report:

- A summary/analysis of water chemistry, fisheries, and physical data.
- Assessment of trophic status and trends and comparison with other lakes in the same ecoregion.
- Map of lake and watershed identifying tributaries, etc., plus basic morphometric data.
- Summary of land use in watershed.
- Recommendations for lake water quality protection or improvement.

This information will hopefully help us to recruit volunteers to assist with the study.
