As the leaves begin to change and the air becomes crisp, we're excited to share with you the latest happenings and upcoming events at the Kingswinford Community Centre. Let's dive in!

Centre Updates:

The community centre, a hub of local activities and gatherings, is set to enhance the comfort of its patrons with the installation of a new hot air heating system. This cutting-edge system, tailored to meet the unique spatial needs of the centre, promises to deliver consistent and energy-efficient warmth throughout its vast spaces. Gone will be the days of uneven heating and chilly corners during winter events or meetings. This has been a year long battle with the local authorities to get this in motion.
